War Danger Played Down By President

Russia's Increasing Capability of Atomic Attack Noted, However

By JACK BELL

WASHINGTON (AP)—President Eisenower says Russia possesses an increasing capability of delivering an atomic attack on the United States, but he does not think the threat of war shadows America's doorstep now.

And, in the fullest official U.S. statement since Moscow claimed mastery of the awesome hydrogen bomb, the President said yesterday the Soviets have "a weapon, or the forerunner of a weapon, of power far in excess of the conventional (atomic) types."

Eisenhower's assurance at his news conference that his administration is moving to meet this situation was generally applauded by lawmakers.

Kefauver Hits Secrecy

But Sen. Kefauver (D-Tenn) said the President may have created "another layer of secrecy on all too secret a subject." Complaining that Eisenhower said nothing of continental defenses, Kefauver asked for a Senate Armed Services Committee hearing on this issue.

Kefauver said in a statement he has reached "the startling conclusion that the Joint Chiefs of Staff do not believe that an effective continental defense can be established against delivery of the atomic bomb and the H-bomb."

He called for public testimony on this by Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff; Secretary of Defense Wilson; and Chairman Lewis L. Strauss of the Atomic Energy Commission (AEC).

Other Points

In a formal statement at his news conference, Eisenhower also:

1. Announced that he has asked all members of his administration "to refrain from comment on Soviet nuclear capabilities unless they first check their statements" with Strauss, the AEC chairman, Kefauver and some other Democratic senators have said the public was

NAMED SECRETARY OF LABOR. Assistant Secretary of the Army James C. Mitchell (right) talks with Pentagon reporters after President Eisenhower appointed him to succeed Martin P. Durkin as the new secretary of labor. Mitchell declined to make any statements on labor matters until he is sworn into office.

Ike Chooses Stevens Aide For Key Post

Successor to Durkin Was Assistant Army Secretary, Executive

WASHINGTON (AP) — James P. Mitchell was sworn in today as secretary of labor and attended his first Cabinet meeting.

Mitchell, 52-year-old former New York City department store executive with long experience in labor relations, took the oath in ceremonies at the White House with President Eisenhower looking on.

Held Army Post

The New Jersey Republican, who says he is "neither a plumber nor a millionaire," had been assistant secretary of the Army until Eisenhower announced the new appointment yesterday.

"You're about to go to your first Cabinet meeting," Eisenhower smiled as he posed for pictures with Mitchell.

Among those present were Defense Secretary Charles Wilson, Mobilization Director Arthur S. Flemming, and AFL union leaders Richard J Gray and Joseph L Keenan, along with members of Mitchell's family.

Administers Oath

The oath was administered to Mitchell by Percy Nelson, a member of the White House staff.

He succeeds Martin P. Durkin, a Democrat who quit a month ago and went back to his job as AFL Plumbers Union president.

Durkin complained that Eisenhower had broken a pledge to recommend to Congress a set of 19 proposed amendments to the Taft-Hartley labor relations law Eisenhower later said he had never knowingly broken a promise to any associate.

While Durkin was in the Cabinet, administration critics claimed it was composed *entirely of millionaires* except for one plumber, Durkin.

Mitchell declined to discuss the Taft - Hartley controversy with newsmen. He said he has never publicly expressed himself on the law and would like to keep it that way for a while.

Ability Praised

In announcing the appointment to his news conference, Eisenhower praised Mitchell's ability and long experience in handling labor relations problems. Mitchell himself promised to try "to the best of my ability to do the best possible job for the people of the United States."

The selection was generally acclaimed by Republicans and Democrats and by some union leaders.

However, AFL Vice President Al Hayes, who heads the AFL Machinists Union, called the choice of Mitchell "incredible"—the same word used by the late Sen Robert A. Taft (R-Ohio) when Eisenhower picked Durkin.

"Now even the Department of Labor has been turned over to business," Hayes said.

CIO President Walter Reuther said Mitchell enjoys "a good reputation" among unions. But he said Mitchell's "good will" would get nowhere unless the administration and Congress adopt policies more favorable toward unions.

Police in states east of the Mississippi are on the lookout for John Wesley Wable, 24-year-old ex-truck driver, wanted in connection with the slaying of two truckers on the Pennsylvania turnpike Ballistics experts of the Pennsylvania state police at Harrisburg, are checking a gun reportedly belonging to Wable as the possible murder weapon.

Firebug Found Insane, Sent to Lima Hospital

Marion Youth Escapes Trial for Arson After Psychiatrists Testify

Paul Edwin Holycross, 18-year-old Marion youth who has admitted setting fires causing an estimated $227,000 damage this summer in Marion, was found legally insane today and was committed to the Lima State Hospital until such time as his judgment may be restored.

This action followed a hearing to determine the degree of his sanity in Common Pleas Court this morning.

Called to testify before Judge Paul D. Smith were Dr. L. E. Bushong, superintendent of the Lima State Hospital, and Dr. Robert E. Weimer, Marion psychiatrist.

Dr. Bushong told the court results of psychiatric tests administered to Holycross in August at the Lima hospital showed the youth had a tendency to evade and be untruthful, was emotionally immature and unstable, and that he was a menace to public welfare.

As a result of these tests during the observation period, Dr. Bushong told the court that he considered Holycross insane.

Dr. Weimer, who was appointed by the court to examine Holycross locally, told the court the procedures followed in a routine psychiatric interview which he used with Holycross.

Holycross was represented by Harry Dowler and the state's counsel was Prosecuting Attorney Ralph Carhart.

If Holycross had been found le-

Marsh May Not Be Killer; Accounts Do Not Jibe

KANSAS CITY (AP)—The FBI today withheld a nationwide alert on Thomas John Marsh but police from coast to coast were on the lookout for the mysterious ex-convict who may hold the key to certain unanswered questions in the Bobby Greenlease kidnap-killing.

The federal agency said it had delayed any nationwide search for him pending clarification of inconsistencies in statements made by the pair now held in the kidnaping.

Under arrest in St. Louis are Carl Austin Hall, described as the leader in the plot, and Mrs. Bonnie Brown Heady, 41, the divorcee who aided him.

Admits Kidnaping

Hall admitted kidnaping the 6-year-old boy, son of multimillionaire Robert C. Greenlease, 71, burying the child's body after finding him dead and collecting the $600,000 ransom.

But he denied killing Bobby, whose body was dug out of a shallow grave in the yard of Mrs. Heady's St. Joseph, Mo., home Wednesday. The 37-year-old Hall told officers he turned the boy over to Marsh on the day of the kidnaping and later found him shot to death in the basement of the Heady home.

He claims he hasn't seen Marsh since.

Some officers say they believe Hall was the killer. Other authorities even have expressed doubt that Hall and Mrs. Heady had an accomplice.

May Be Dead

There has been some speculation that Marsh may be dead.

The FBI has filed a fugitive warrant for the arrest of Marsh who has been charged with murder.

The capture of Marsh could answer these questions:

Who actually killed Bobby Greenlease?

Why he was killed, even before ransom negotiations were well under way?

Is Hall's story about Marsh merely an invention?

Approximately $292,000 was recovered from a room in St. Louis after a tip from a taxicab driver about a man on a spending spree led to Hall's arrest. Hall has said

British Guiana Premier, Five Others Ousted

Colonial Governor Acts To Stop Reds From Taking Control

GEORGETOWN, British Guiana, (AP)—Britain booted out the prime minister and five other Cabinet members today with the announced purpose of preventing Communists from taking over the British Guiana government.

Gov. Sir Alfred Savage declared a state of emergency under which the six-month-old constitution is to be scrapped. The British charged there was a Red plot to turn this South American rum and sugar colony "into a totalitarian state subservient to Moscow."

These steps followed the arrival of British troops in the colony, which is sandwiched between Brazil and Venezuela on the approaches to the Panama Canal.

This colony of 450,000 people is Britain's only holding on the South American continent. Nearly half the population came from or trace their ancestry to India. Most of the others are of Negro or American Indian stock.

Prime Minister Jeddie Jagan and the ousted ministers threatened to take the dispute with Britain to London, Washington and the United Nations. Jagan and his American-born wife, the former Janet Rosenberg, have denied they are Communists and that their political party, the leftwing People's Progressive Party is Moscow-domina-

November Draft Quota Of 7 Men Set for County

A November draft quota of seven men was set today for Marion County, The Associated Press reports.

Quota for the state was 1,090, all of whom are to be 20 years of age or older. October's call, which was lowest for the year, was 1,066.

Quotas for other counties in the area are Crawford, six; Delaware, four; Hardin, four; Morrow, four; and Wyandot, five.

Florida's West Coast Braced For Hurricane

MIAMI, Fla. (AP) — A tropical storm building up to hurricane force whirled across the Gulf of Mexico today and was expected to strike Florida's water-logged west coast a little south of Tampa about noon.

The storm, the eighth of the season and named Hazel for the eighth letter of the alphabet, was about 150 miles west southwest of Fort Myers at daybreak.

Gaining Velocity

It was moving along a northeasterly course at about 17 miles per hour and forecasters believed it would mount to full hurricane force, flagging winds of 75 miles per hour or more, as it lashed its way toward the mainland.

In an advisory issued at 5 a.m. (EST), the weather bureau estimated that the storm's strongest winds were between 60 and 65 m.p.h. in squalls near the center with winds of 35 to 45 m.p.h. extending outward up to 150 miles to the east and north.

A threat of floods also faced this long peninsula.

A warning by forecaster Grady Norton that the storm would trigger heavy rains throughout Florida aroused more fear than the possibility of hurricane winds, for the state already is suffering with more than a month of excessive rainfall.

Fear Flood Danger

Lake Okeechobee, in the Everglades rich winter farming area, is precariously close to overflowing and the St. Johns and Kissimmee rivers are out of their banks at numerous places.

Conditions in farming areas around Miami became desperate after a rain Wednesday that measured 7.34 inches west of the city At Daytona Beach and Ormond Beach, more than nine inches of rain fell yesterday. Some homes were flooded.

Organized CCL

Leader in Juvenile Work, Mrs. Addison Bain, Dies

Mrs. Emma Florence Bain, 86, a pioneer of juvenile work in Marion and the county, died at 7:50 a.m. today at home. Dr. E. H. Morgan, Marion County coroner, pronounced cause of death cerebral hemorrhage.

Mrs. Bain was the widow of Addison Bain whose death occurred in April, last year, at the age of 94, and who also took a great interest in the problems of children and young people.

A school teacher early in her life, she was interested in children from the beginning, and she and her husband, while living on a farm near DeCliff, cared for young neighbors whose home had been broken by death.

—:—

LATER, IN MARION, she served 27 years as a juvenile court assistant under Judges W. S. Spencer, L. P. McNeal and Oscar Gast.

She was one of the founders and was first state president of the Ohio Child Conservation League

Born Jan. 9, 1867, in Union County, she was a daughter of Byron and Malinda K. Cahill Miller.

—:—

HER MARRIAGE was Nov. 24, 1884, in Marion. A resident of Marion 75 years, she came here from Union County, and was a member of Epworth Methodist Church, a charter and life member of the auxiliary to Bird-McGinnis Post 162, American Legion, member of Eastern Star, and a life member of the Frances Willard WCTU. Following graduation from LaRue High School, she taught at the Rubins School in Hardin County.

It was the case of a young boy who had run away from home that started Mrs. Bain on her official work with juveniles. Refused permission to take him from the police station here to her home until his parents were notified, she decided something should be done to save children from a frightening prison experience, and she talked with Judge Spencer about the possibilities.

—:—

FROM THAT TIME ON, she was called upon for consultation and help in the handling of children who were wards of the court. This work led to establishment of the county's first detention home at 182 Wallace St. with the Bains in charge.

When the state Child Conservation League was organized in Marion in 1920, Mrs. Bain occupied the platform with Warren G. Harding who was one of the speakers. She was a charter member and a past president of the Marion Senior Circle of CCL.

—:—

MR. AND MRS. BAIN were parents of three children of their own, Mrs. Blanche DeLong of the Wallace St. address, Forest W., who

lives at Redlands, Calif., and F. Dale Bain who served in World War I and preceded his parents in death.

Funeral services will be conducted Monday at 1:30 p.m. in the Merle H. Hughes Mortuary on Mt. Vernon Ave. Rev. W. C. Eyster will officiate. Burial will be in Marion Cemetery. Friends may call at the funeral home after 7:30 p.m. Saturday.

Police Car Hits, Kills Woman in Columbus

COLUMBUS, Ohio (AP)—Mrs. Edna Mae Gieke, 40, of Firebrick, Lawrence County, was injured fatally today when she was struck at a downtown intersection by a police cruiser.

Police officers in the cruiser said they did not see the woman until she had been struck by their car.

The cruiser patrolmen, Charles Cooper and William Edgington, were relieved of duty pending investigation.

Roadblock Set For Suspected Turnpike Killer

Police Act on Tip Man Sighted Near Suburb of Cleveland

CLEVELAND (AP)—Suburban Newburgh Heights police set up roadblocks along Willow Freeway today in an effort to capture a 24 year old man wanted for questioning in the Pennsylvania Turnpike shootings.

The police were acting on a tip that a man resembling John Wesley Wable, described as "armed and dangerous," was seen driving on the freeway in a blue Plymouth.

Ohio and Pennsylvania police have been searching for Wable on a Pennsylvania warrant for "investigation of murder." He disappeared Monday from a rooming house in which he had been living here.

Two Pennsylvania state patrolmen, meanwhile, prepared to return to Harrisburg for ballistics tests on a German made pistol that might have been used in the shootings last July. Bullets fired by the weapon in a preliminary test were sent yesterday.

Two truck drivers were shot and killed in their rigs parked along the turnpike. Later, another trucker was wounded seriously while sleeping in his truck near Lisbon, Ohio. Tests showed all three apparently were victims of the same .32 caliber weapon.

Detectives said the German pistol linked with Wable was a .765, about the same as a .32, and that it fired slugs with markings "very much like" those on the bullets in the trucker shootings.

Homicide Capt. David E. Kerr said the search for Wable started after police, checking a pawn shop, found a watch fitting the description of one taken from John K. Shepard, 34, of West Alexander, Pa., when he was wounded in his truck near Lisbon

The address and last name on the pawn ticket, signed "Waple," led officers to the rooming house Wable is said to have left Monday. The man's 22-year-old girl friend said Wable had the watch and a pistol after the Lisbon shooting, Kerr reported.

Galion Police Release Man Resembling Wable

GALION—A man picked up here this morning at the Brinkley Restaurant on U. S. Route 30-S for questioning in connection with the Pennsylvania Turnpike shootings has been released by Galion city police.

The man, who seemed to fit the description of the 25-year-old John W. Wable, wanted for questioning in the turnpike shootings, was taken into custody as he sat eating breakfast at the restaurant, shortly afer 8 o'clock this morning. Policemen in the restaurant at the time the man walked in noted the resemblance to the turnpike killer's description furnished all Ohio and Pennsylvania police authorities.

Police Chief Morris A. Bowers said the man showed a driver's license and certificate to prove his identity, but remarked that the resemblance was striking.

Individual Income Tax Cut Scheduled

By CHARLES BARRETT
(For James Marlow)

WASHINGTON (AP)—Despite continued high defense spending and acute budget problems, the government plans to give about 58 million individual income taxpayers a tax cut starting Jan. 1.

The reduction, the first since 1948, will be about 10 per cent for the great bulk of taxpayers. But the percentage drops sharply in the higher income brackets—down to only one per cent for a single man making one million dollars a year.

The Eisenhower administration is pledged to let the reduction take effect, barring an unexpected and extreme emergency. Due to expire on the same date is the excess profits tax on businesses.

The income tax change will cost the Treasury about three billion dollars a year in revenue, at a time when high spending throws a shadow over efforts to balance the budget.

But 1954 is an election year, and few if any voices have been raised against the reduction. If more revenue is needed, it will be sought elsewhere.

The prospective cut follows two increases voted after the Korean War started. It merely cancels the second increase, in 1951. So you'll still be paying more than you did, say, in 1949.

Republicans and Democrats already are squabbling over who should get credit for the cut. Democrats say it's their feat, because they were the majority party when Congress wrote the Jan. 1 expiration date into that 1951 law. But Republicans say no tax cuts would be possible now if they hadn't made big reductions in federal appropriations.

At any rate, revenue officials caution against counting your chickens before they hatch. They point out the reduction starts on Jan. 1. But you don't file returns on 1954 income until 1955. So when you fill out those returns next March, you'll still be dealing with 1953 income—at the higher rate.

The big immediate effect will be on some 46 million workers whose income taxes are deducted from paychecks. After Jan. 1, the payroll withholding rate will be reduced from 20 per cent to 18 per cent of your income, after allowances for yourself and each dependent.

For a single person with no dependents and making less than $2,000, the percentage reduction under this year's tax bill will be 9.9 per cent. It climbs gradually to 10.7 per cent at $10,000 income and then drops to 7.3 per cent at $50,000 income, 1.9 per cent at $300,000.

For a married couple with two children, the reduction starts at 9.9 per cent in low income levels and rises to 10.7 per cent at $20,000, then drops to 7.4 per cent at $100,000, 3 per cent at $300,000, and 1.6 per cent at one million dollars.

Dollarwise, for a worker with no dependents, the annual reduction amounts to $8.80 at $1,000 income, $54.40 at $3,000, $108 at $5,000, $212 at $8,000, $292 at $10,000, $820 at $20,000, $2,890 at $100,000 and $10,000 at one million dollars.

For a married couple with two dependents, the dollar reductions would be $13.20 at $3,000 income, $57.20 at $5,000, $129.60 at $8,000, $181.60 at $10,000, $536 at $20,000, $4,120 at $100,000 and $13,768 at one million dollars.

The minimum rate on taxable income drops from 22.2 per cent to 20 per cent. The maximum rate on income above $300,000 drops from 92 to 91 per cent. And the maximum rate for any one taxpayer's overall income drops from 88 to 87 per cent.

EXECUTION DATE SET. The Ohio Supreme Court turned down a special appeal of Mrs. Dovie Blanche Dean, 54, shown here, and set her execution date for Nov. 6. Mrs. Dean was convicted of first degree murder in the poison death of her husband, Hawkins Dean, 68, who died Aug. 22, 1952.

Cigarette output in the Netherlands last year reached an all-time high of 9,340,000,000.

Will Tour Harding High, Plants

Foreign Teachers To Visit City Oct. 21

A group of some 28 foreign vocational educators, representing ten different countries, will visit Marion's New Harding High School Wednesday, Oct. 21, to get an idea of an up-to-date educational system.

The teachers will not only sit in on a typical school day, but will tour several Marion industries where some of the students are employed part time in connection with vocational training at the school. Later in the day, the visitors will be divided into group conferences corresponding to their particular teaching fields, for discussion periods with local teachers.

—:—

THE GROUP, which includes educators from Australia, Ceylon, Cuba, Finland, Iceland, Italy, Japan, the Netherlands, Norway and Panama, is spending the fall quarter on the Ohio State University campus as a part of the Teacher Education International Exchange program. The program is administered by the U. S Office of Education in cooperation with the Department of State

Eight of the visiting educators are employed in the business education field; five in agriculture educaton; six in trades and industry; three in home economics; three in industrial arts; and one in vocational guidance.

—:—

HARDING HIGH SCHOOL Principal Cecil Gabler has appointed the following teachers from Harding to take charge of the groups of visitors: Robert Winterhoff, industrial arts; Emil Lisak, trades and industrial education; Mrs. Pauline Drake, home economics; Russell Dunlap, commercial. These teachers will plan a schedule of classes for the visitors to observe.

In the afternoon, after the classroom visits, group conferences will be held with the foreign teachers meeting with local teachers to ask questions and discuss the program.

Included in the visitors' group will be head masters from schools in Norway and Finland, an assistant master from Ceylon, principals from Iceland and Japan, and a professor from Palermo, Italy.

Crooner Haymes Behind in Taxes

LOS ANGELES (AP) — If crooner Dick Haymes wants to start paying on his tax delinquencies the government will lift the lien against his salary, internal revenue authorities said yesterday, but otherwise they are going to file liens against him wherever he works.

The government slapped a $9,600 lien against Haymes in Philadelphia last week. The singer didn't fill his night club engagement, saying he didn't intend to work for nothing.

Robert A. Riddell, regional director of internal revnue, said Haymes owes about $55,000 in back income taxes.

Teller Busy So Robber Sticks Up Next Window

LOS ANGELES (AP)—A man who obligingly stepped to another window after a bank clerk told him she was busy escaped with $721 yesterday from a Bank of America branch.

Teller Marjorie von Gaertner was busy recording papers. The bandit then handed teller Joe Kurchner a note reading, "This is a holdup. I've got a gun pointed at your heart. Give me all the 5, 10, 20 and larger bills you have."

Kurchner did, and the robber fled, eluding bank employes who pursued him.

Lawyer Ready, Subdues Client With Blackjack

CONNERSVILLE, Ind. (AP)—Lawyer George Kerrigan, court-appointed to defend John Sematic on charges of failure to provide and non-support, expected trouble in court Thursday and was ready.

Sematic, who had been in court previously on similar charges, went into action when he heard Judge Allen Wiles impose a $500 fine and a six-month jail sentence. He hit Prosecutor Hugh Russell in the jaw and kicked and clawed everyone in reach.

Kerrigan, who said later he had expected just such an outbreak, pulled a blackjack from his pocket and knocked out Sematic. After order was restored Judge Wiles added a 1-to-7 year sentence.

U. of Maryland Pep Rally Blocks Highway

COLLEGE PARK, Md (AP)—Traffic was stopped on U. S. Route 1 for a time last night as hundreds of University of Maryland students staged a pep rally for Saturday's football game here against Georgia

The crowd, estimated at about 800 students, finally was broken up by a student leader riding in a sound truck. Traffic was reported stopped for 10 or 15 minutes. One student said they wanted to get motorists to blow their auto horns and add to the rally noises.

A Prince George's County patrol car arrived as the crowd was breaking up. No injuries or damage were reported.

GUNMAN GETS $5,000

CLEVELAND (AP)—Three masked gunmen held up the Lincoln Heights Savings & Loan Co. today and fled with $5 000 when the manager, Ben Raenowski, tripped a robbery alarm.

Police, Firemen Rescue Boy Caught In Closet of Home

A frightened 16-month-old baby boy's cries sent Marion police and firemen scurrying to the home of Mr. and Mrs. William B. Hurr of 244 Oak St. at 1 24 p.m. yesterday.

Little Jimmy Hurr was playing in a closet and accidentally knocked over some folding chairs which fell against the inward-opening door pushing it shut. The chairs were against the door in such a way as to prevent Mrs. Hurr from opening it from the outside.

Mrs. Hurr called police and they in turn notified the fire department.

Still the door resisted efforts of police and firemen to break it down without harming Jimmy. Finally with Mrs. Hurr's permission, police sawed through the door to rescue the little boy.

After a few seconds Jimmy was all smiles again and apparently the ordeal had little effect on him. After an afternoon nap he went back in the now doorless closet and played with his toys, Mrs. Hurr said.

Gus Cifelli, tackle for the Detroit Lions, graduated magna cum laude from Notre Dame. He also competed as a heavyweight boxer for the Irish.

Great Britain, U.S. Withdraw From Trieste

Tito, Slavs Protest, Stage Demonstration Over Italian Control

BELGRADE, Yugoslavia (AP) — New demonstrations broke out here today against the United States, Great Britain and Italy as President Tito and his Cabinet met to formulate new protests against Italian occupation of the major part of the bitterly-disputed Trieste territory.

Rifle-carrying troops on horseback held back throngs which swarmed in front of the three embassies in angry protest against the British-American announcement yesterday they would withdraw their troops from Trieste port and the surrounding territory and turn it over to the Italians.

Property Damaged

The mobs had pelted property occupied by the three foreign nations with stones until early today, smashing windows and damaging automobiles. No major casualties had been reported.

Tito hastily summoned his Cabinet into emergency session. The government was expected to deliver a strong note of protest to the two Western powers later today.

The government radio said a Yugoslav note already delivered to British and American authorities in Trieste had warned Tito's government would "take all measures at its disposal to protest its interests and the interests of Trieste Slovenes" in the British - American zone."

Reports from Trieste City, the strategic Adriatic port and center of the territory, said the Yugoslavs already had closed the border between the southern half of the territory which they occupy and the northern British - American zone.

Tito Action Expected

There was speculation here that Tito might rush troop reinforcements to the border in an effort to delay the British - American withdrawal. Vice President Edvard Kardelj already had indicated a Yugoslav appeal to the United Nations.

A dispatch from the Allied half of Trieste said scattered shooting was heard today from the Yugoslav zone.

The semi-official Yugoslav news agency, Yugopress, reported that demonstrations against the Allied announcement were widespread in the Yugoslav zone of the contested area.

The Foreign Office, meanwhile, apologized to the three Western governments for the violence to their property. A government communique and press organs urged the people to remain calm.

Announcement of the Anglo-American decision, which would leave Yugoslavia in posession of the territory's southern half brought some 200,000 angry Yugoslavs into Belgrade's streets.

Marshal Tito's last public suggestion was that Trieste City be internationalized and the rest of the territory be given to his country. Italy called for a plebiscite of the area's inhabitants to determine their future.

Trieste, Austrian before World War I and Italian after that conflict, has been divided and occupied since the end of World War II.

KNOWS HOW IT FEELS

BALTIMORE (AP)—Ticket manager Herb Wright of the Baltimore Colts in the NFL says he knows how some disgruntled football fans get that way. For a Colts preseason exhibition game against Philadelphia, Wright drove to Norfolk, Va., where the game was being played, stood in line to buy a ticket—and wound up sitting behind a pole.

Truman Says 'Old Guard' in Saddle Again

ST. LOUIS (AP)—The "old guard of reactionaries" have gained new strength and "want to return to the days of McKinley," former President Harry S. Truman said last night.

But he said he worried even more about those in the Eisenhower administration who want to 'stand still."

"The greatest danger springs from the attitude of those who reluctanly, and 20 years late, accept the reforms we have made, and then refuse to go forward to meet the new problems we face," Truman said.

He spoke at a dinner at which he received the $1,000 annual Sidney Hillman Foundation Public Service Award, which was established in memory of the late president of the CIO Amalgamated Clothing Workers of America.

Truman, expressing concern over the Republican administration's policies toward counteracting a depression, was critical of the use of the employment act of 1946, requiring the government to develop specific plans for economic expansion.

"The present administration has approached its responsibilities under that act in a very gingerly and timid fashion," he said. "What its policy is actually going to be, nobody knows."

Taft Juniors Whip Edison Squad 7-0

Robert A. Taft Junior High School upended Edison Junior High 7-0 in a defensive battle on the Edison field Thursday for its first victory in Marion Junior School Football League play.

The lone marker came in the final period with six minutes remaining. Marlo Barrett, Taft quarterback, passed to Fullback Elijah Green who ran down the sidelines into the Edison end zone to complete a 50-yard pass play. Gene Remmy converted.

George Whitehead's Edison crew drove within the Taft 20-yard stripe four times during the game but lost the ball on a fumble, on downs once, and on two pass interceptions. Taft threatened at Edison's six-yard line in the first quarter but lost the ball on a fumble and was inside Edison's 20 once again in the tilt, losing the ball on downs.

Marion Waits' Taft squad, 1-1, takes on Eber Baker, 1-0-1, at the Edison field Monday in the next league encounter. Edison, 0-1-1, meets Don Zeisler's Eber Baker squad in its next league match Thursday. On the same day, Taft travels to Kenton for a game.

Another Civic Milestone

This city, so long in need of new public buildings, this week is rejoicing for the second time in a month over completion of a major construction project.

The new YMCA, like the new Marion Harding High School, impresses all who inspect it with its modern appearance, its size and its outstanding equipment. Because it was designed as a community building to serve both young men and young women, it has numerous unique features that make it one of the finest of its type anywhere.

A beautiful swimming pool and two large gymnasiums feature physical education and recreational facilities that are excellent. The space devoted to meeting and conference rooms opens the way for the building to become truly a center of community activity.

Congratulations should go to three closely-related groups—the civic leaders who worked so hard on the project from its inception to fulfillment, the YMCA officials who labored equally hard during the construction phase and now accept the task of directing activities in the new building, and the entire Marion citizenry.

The citizens, having backed the project so generously, now may point with pardonable pride to yet another milestone along the road of municipal improvement.

Prudence Is the Issue

There should be no issue over the military security of the United States. But it is being made to appear by critics of the Eisenhower administration as if its efforts to shrink the federal budget are going to shrink the margin of military security with respect to air power.

"The Eisenhower administration has become budget-minded and not survival-minded," declared Sen Symington of Missouri in a recent speech. Symington, a former secretary of the Air Force, knows this isn't true. He is one of many politicians trying to make political capital of a momentous decision which the Eisenhower administration must make for the republic.

The decision is whether to load up the Air Force with swarms of planes which would be obsolete before they were built, or whether to have in being a moderately strong force and the prototypes of a stronger force ready for production.

The Eisenhower administration is in favor of veering away from the extravagant credo that military spending is untouchable. It does not buy the theory that a potential enemy can be thrown into a panic merely because the United States spends a lot of money. It must spend its money wisely — and that is what the Eisenhower administration is trying to do.

If its critics can make an issue of prudence, they're welcome to try

They Could Go to Halifax

In view of the fact there was so much tut-tutting when American travelers were inconvenienced by striking Frenchmen last summer, it seems only fair to acknowledge that thousands of travelers were incomvenienced by striking American longshoremen this fall The passengers in many instances were to told to "go to Halifax" if they wanted to get home

The American longshoremen either were or still are members of a union which was exposed as hopelessly corrupt by a public investigation, deprived of its charter by the AFL and has a black eye in general. Yet, during the peak of its corrupt activities, it held a government-enforced monopoly on the Atlantic waterfront and is being regarded fondly by the president of United Mine Workers, who thinks it has a future.

Ship owners and shippers are afraid to get tough about it because the union still has the only legal right that exists to make a contrac o perform work on the docks. The AFL is trying to organize another union, but the new one might be no improvement — and it might never be organized.

Not all symptoms of declining social health are peculiar to Frenchmen in these troubled days.

We Learn If We Live

The way to build a highway, as any fool knows, is to cut down the grades and straighten out the curves. The surface should be smooth Visibility should be unlimited.

As any fool knows . . .

At the recent annual meeting of the Institute of Traffic Engineers—an organization of highly expert "fools" there was earnest discussion of pulling back some of the obstacles whose systematic removal has been giving drivers a false sense of security.

The idea is that drivers need some grades to slow them down, some curves to keep them awake, some uncertanties to keep their speed-bemused minds from goofing off into what may be their last big sleep.

It is not impossible that in another 50 years "any fool will know" what some the fools had a hard time learning in the era when every new super-road became a death trap for drivers who were just as stupid, just as careless and just as prone to err as they had been in the era of ox carts and rutted trials.

Red China and U.N.

By David Lawrence

Britain Should Heed Rising Opposition in U.S.

The government of Great Britain and the press of that country might well ponder the text of the petition which has just been sponsored by seven prominent Americans, who are saying to President Eisenhower that "The Chinese Communists are not entitled to and should not be recognized to represent China in the United Nations."

That's because up to now the British newspapers and officials seem to think only a fragment of American opinion and the press is against the admission of Red China to the U.N.

But the petition is signed by Sen. Sparkman who was the vice-presidential nominee of the Democratic party in 1952, and Rep. McCormack, leader of the Democratic party in the House of Representatives at the last session and now the No. 2 man in the House on the Democratic side.

It is signed by former Gov. Edison of New Jersey, who was in the cabinet of President Franklin D Roosevelt, and by Joseph C. Grew, former ambassador to Japan and at one time undersecretary of state in the Democratic administration.

It is sponsored also by former President Hoover, Sen. H. Alexander Smith and Rep. Judd—all Republicans

Many British newspapers and officials have frequently expressed themselves on the subject of recognizing Red China's government, arguing that it is related solely to whether a government is in military control of the country in question.

In the last few days the British Labor party and various British newspapers have again denounced the Franco government in Spain—which is in complete control of that country — and argued against its admission into either the U.N. or NATO.

So the argument which bases recognition of a government solely on its military control of a country is plainly specious. The American attitude, on the other hand, primarily is relayed to the lack of morality in the Red China government.

The new petition gives these reasons for opposing the admission of Red China to the U.N.:

"1—This admission would destroy the purposes, betray the letter, and violate the spirit of the law of the United Nations whose charter dedicates the organization to insure peace by promoting freedom and respect of human rights, and subordinates the admission of new states to the organization to their ability and willingness, in the judgment of the member nations, to carry out the obligations to the charter as defined above.

"The so-called Chinese people's republic is constitutionally unable to do so since it officially declares itself to be a 'dictatorship' based on 'democratic centralism.' (Articles I and II of the organic law of the central government of the Chinese People's Republic).

"This is the basic principle of Communist totalitarianism and excludes freedom of discussion or criticism of government, that is, it excludes freedom and democracy altogether.

"2—Even if the so-called Chinese People's Republic were eligible for admission under the charter the fact still remains that the duly constituted government of China exists and functions, not only as the rightful government of China but as a charter member of the United Nations. In order to give membership to the usurpers, the legitimate government of China would have to be expelled. Such action would be an unthinkable outrage against human decency and international justice.

"3—The so-called Chinese People's Republic has shown its unwillingness to carry out the obligations of the charter by systematically disregarding every human right and violating every freedom.

"4—By aiding in aggression upon South Korea and making war on the United Nations it has proved itself an aggressor state.

"5—Its admission would destroy the prestige and the position of the United States and of the free world in Asia. The countries of that continent which still resist Communist aggression or infiltration would be discouraged by the cynical surrender of the free world to expediency and appeasement and the betrayal of the ideals of the United Nations. The Asian nations, in turn, would than make fatal compromises with the Communist bloc.

"6—The so-called Chinese People's Republic violated the most elemental laws of war in mistreating, torturing, and murdering United Nations soldiers who were prisoners of war, in an unlawful war which they waged against the very organization in which their supporters now claim membership for them.

"7—At a time when Communist dictatorship seems to be badly shaken inside the U S S.R. and in its satellite empire, the admission of the so-called Chinese People's Republic to the United Nations would restore the prestige and authority of the Soviet government.

"It would help to destroy the hope of the enslaved peoples for ultimate freedom. This hope is one of the chief deterrents which has restrained the Kremlin from risking a world-wide conflict.

"8—The admission of the so-called Chinese People's Republic to the United Nations would encourage subversive totalitarian movements in the free nations of the world in the expectation that their success would be sanctioned by the free nations which still survive. Thus the danger of a new war would be vastly increased by the rewards offered to aggressors.

Team, We're With You?

By TRUMAN TWILL

Newspaper business being what it is, its toilers rarely get away from it all on Saturday afternoon in football season to make sentimental journeys. Hick college football at the plunk of a punt are under no handicap where reminiscence is concerned. A fellow can reminisce anywhere.

You can quit reading now if you are a devotee of high-pressure razzle-dazzle that evolved out of the original version of football once played under blue October skies in daytime only by competing teams of simon-pure amateurs on the campuses of little colleges There was no glory in it more than the glory of hearing your best girl say she thought you were wonderful when you piled on a hapless halfback in front of the temporary grandstand Or maybe someone would mention "you played a swell game, boy".

It was low - pressure stuff, as football went, even then. Today it would be a travesty on the game. Even the country high schools know enough about football now to know there was something unusual about a game in which no one ever threw a pass until the last few minutes of the last quarter when the losing side abandoned discretion.

The marching band hadn't been invented. Nor leggy girl drum majors. The only scouts in the stands were Boy Scouts. Females and oldsters preferred to sit in the temporary stands, but the real fans surged up and down the sidelines in intimate contact with their heroes

They advised the quarterback what plays to call. They made so much noise he couldn't call any plays. They get in the officials' way and always had to be cleared away before the offensive team uncorked its killer-diller—a nightmare of heavy-footed maneuvering which usually lost 15 yards net and left everybody confused as to what went wrong

A large part of the crowd always followed the teams to the places set aside for them to be recharged during halftime. There was no privacy. Football at the hick level was something people who liked it did semi-collectively on Saturday afternoons in the fall of the year.

Afterward, there would be a celebration in the event of victory, or in any case an event suitable to the occasion. Blessed was the hero whose wounds merited such obvious treatment as adhesive tape He would be a lion in the streets, that one.

Everything about football is better now. The boys know what they are doing. Even in hick colleges there's always a chance of finding the fellow who'd be an all-American if he were in the Big Ten.

But it's pleasant to muse of a Saturday afternoon in October that a fellow could make a sentimental journey where the liniment would smell the same, the autumn leaves would be just as colorful, the game of bone-crushing savagery just as remote as it used to be when quarterbacks inside their own 20-yard lines ran one play and sent back the punter if the play didn't gain five yards.

If it weren't for circumstances beyond a fellow's control he could go back there—all the way—and be part of it again.

No Joy in Moscow

California Political Picture Changes

By Raymond Moley

It will be difficult for Californians to adjust their political thinking to a state without Warren.

The new chief justice was a well-known figure even before his first election as governor in 1942 Since then, he has dominated the political scene.

He established a record in twice running successfully for re-election. Except for the astonishing majority received by Sen. Knowland in the primaries in 1952, Warren was the state's biggest vote getter.

He has held public office since he emerged from the war in 1919 at the age of 28. He worked up the ladder in Alameda County and served long and ably as district attorney.

His statewide political strength was largely based upon his leadership in district attorneys' organizations and among University of California graduates.

He also owes a great deal to the Knowlands, father and son, who have been powers in the politics of northern California for half a century.

I hesitate to use the work "luck" in describing the career of so attractive and hard-working a person, but chance and favor have certainly come his way. The peculiar primary and election laws of California give a great advantage to a candidate with no party preferences.

Warren's almost sentimental nature brought him to the support of state and federal welfare activities An ideology such as his found itself going with the tide in twenty years of New Dealism.

True, he was a Republican, but his point of view was in harmony with national Democratic policies.

Moreover, Warren's appeal across party lines prevented the building of a strong Republican party in his state.

His departure would have left his party in California exactly as he found it except for one fact. Sen. Knowland, who now becomes the dominant California Republican, believes in party government, understands how to build party organization, and has, since his accession to the Senate, labored hard at the job.

Since the inauguration of President Eisenhower, he has, as senior senator, held a stiff rein over patronage.

Warren would reply, to the charge that he built no party organization, that he gave the state good government and that good government makes any party popular.

He would also say that since the state's registration shows roughly twice as many Democrats as Republicans, it has been necessary to appeal to both parties

Whether these are valid reasons or not, it is sufficient to say that he acted upon them. In state campaigns he campaigned on his own.

Even in the battle between Nixon and Helen Gahagan Douglas, he offered no aid to the Republican candidate.

In national pre-convention campaigns, he has dominated the scene for years

The California delegates have been instructed for him, and in 1952, at least, he was in deadly earnest about his candidacy. He permitted no deals and went down fighting.

Since Warren intended always to be the choice of his state in national conventions, he kept other candidates for the nomination out of the state.

On one occasion, when Harold Stassen flirted with Republicanism in California, Warren was deeply incensed and made no bones about letting his displeasure be known

There is much talk now about rivalry between Knowland and Nixon for the mantle of favorite son. This talk, however, is probably based not upon the activity of the vice-president, but on that of his over-zealous friends. He himself will realize that a Vice-President is to be seen and not heard in a state's political affairs.

H-Bomb Defense Needed

By O. H. Brandon

The impact on the traveler returning from Asia, absorbed in the problems of tomorrow, to Washington, so intensely preoccupied with the present, is all the more devastating because another "great debate" has just got under way—the controversy over the effect of Russia's possession of the hydrogen bomb on Western military strategy and the balance of power in the world.

Up to now American military planners have assumed that Russia's main strategic threat was against areas outside the western hemisphere, in particular against Western Europe. Now they tend to believe that the United States itself is menaced

The challenge has come earlier than expected, and at an awkward moment, when the Republican administration has decided to adjust its military effort to what is called "sound economic policy."

Now controversy rages behind the scenes over the best method of countering this new threat. Should it be a new disarmament proposal, or the building up of a superior potential of new weapons?

Planners think the latter alternative is the most practical. But the feeling that a direct threat against the United States now exists has given weight to those who have been saying that Americans should first concentrate on its own continental defenses and have stressed advantages of intercontinental defense and fighting from distance rather than from vulnerable advance bases manned by American ground forces.

On the best way of defending American against air attacks, experts are divided between those advocating a tight radar curtain around this continent, backed by a vast force of interceptor planes, and those arguing that only selective defense of the most vulnerable targets is practicable

The joint chiefs of staff, who have to submit their military budgets soon, are saying that the Russian hydrogen bomb has not fundamentally altered their estimates but, in fact, there has not been enough time to re-examine the new strategic situation. Since George Humphrey, secretary of the treasury, has the upper hand in this matter and since he is being pressed hard for tax and budgetary cuts, military projects that require vast new expenditures can be counted out for the time being. New strategies and more new weapons suited to them are likely to be the immediate answer.

Mayor Provides

ST. JOSEPH, Mo (AP) — Mayor Stanley I Dale, strolling through a park, was stopped by a spokesman for an elderly group. The oldsters used the park for a summertime clubroom, the man explained, and would the mayor please provide a table for playing cards? The mayor did.

Strolling again a few days later, His Honor was stopped once more. Would he provide some cards? The mayor did.

In Conference

("A murder touching off a race-track scandal in New York led to a discovery that Joey Fay, a union official in Sing Sing as an extortionist, had been doing business as usual from the prison and receiving calls from state officers, senators, ex-jurists and top politicians.—Ed note)

Senator (on phone) — Joe, can you see me today?

Joe—I can't work you in, today, senator.

Senator — But its important. I want to get some labor difficulties straightened out.

Joe — Sorry, but you ought to know I see senators by appointment only. And, lissen, I could go to prison for some of the things you ask me to do

-:-

Guard — Ddi you ring, sir?

Joe—No. If I want any of you prison officials, I'll send for you.

Guard — There's a fellow downstairs who wants a few minutes with you. Says he's a judge.

Joe — He should know Friday ain't the day I see judges Wednesday is jurists' day.

-:-

Warden (on phone) — There's a mayor, a race-track operator and three big politicians here for an audience with you.

Joe — Are they New York, Massachusetts, Rhode Island or Jersey mayors and politicians. I'm not receiving Rhode Island ones this week Make it snappy! I've got a heavy day, warden

Warden — They're all New Yorkers in today's lot.

Joe — Send 'em up'

-:-

(The boys arrive for the audience)

Public Servant — Well, Joe, it's nice of you to see me

Joe — Look, you're behind in your letters asking for a pardon. I've a good mind not to receive you in today's conference

Public Servant — I just sent in another one.

Joe — Yeah, but not on the new form

Business Leader — Joe, I appreciate this chance for a chat with you

Joe — I'm always glad to see a businessman between his moods of self-righteousness.

Political Czar—Hello, Joe.

Joe — Hello. Now with regard to that trouble on the big highway project.

Political Czar — That's not what I'm here about. I'm here to get your help in the reservoir strike.

-:-

Joe — This prison should give me a better card-index system and an extra secretary so I can keep things straight.

Warden (on phone) — There's a top man in a national labor union here to see you.

Joe — Tell him I'm in conference!

Warden — He says it's important.

Joe — These labor leaders are always asking me to keep them out of trouble with labor leaders. Tell him to drop around next week. Now, boys, let's get down to business, and make it snappy! This hoosegow ain't big enough for all the matters I have to handle!!

Politician — I had a funny dream last night. You were in another prison and we were all doing time with you.

Joe—That could turn out to be no dream!

Well, the world series is history and business in this country is struggling to get back to a situation where some work will be done around the plant between noon and dusk "Where's the staff?" we asked an employer Monday . . . "Warming up in left field for another AWOL movement," he snapped.

The Fay scandal has shown what a lot of people knew for years, that a cynical surrender of businessmen, public servants, lawyers, etc., with corrupt characters was at the bottom of conditions which kept the hoodlums in circulation.

For a businessman to have taken a 100 per cent stand against them would have tied up his business at a tremendous loss of money and possibly have meant ruin . . . And he played ball because he knew that the racketeers had top politicians, state officials and even certain law-enforcement elements pretty much on their side. Go to any race track, for example, and you will find (or would have found up to the past few days) notorious gangsters occupying the boxes of top citizens, having the run of the clubhouse and swapping tips with judges, ex-judges, prosecutors, political biggies and businessmen who should be outraged by even a casual acquaintanceship . . . Why all the surprise?

Rules Established To Halt Kidnaping In Boston Schools

BOSTON (AP)—Public school authorities have instituted a set of rules aimed at preventing a Boston occurrence of the kidnap slaying of 6-year-old Bobby Greenlease.

Supt. of Schools Dennis C. Haley ordered yesterday that none of the city's 55,000 elementary school pupils be dismissed early "except in the custody of a parent who is present at the time of such dismissal."

In the case of a telephone call asking early dismissal, the superintendent stipulated "the home must be called back for verification by the principal. If no person answers the phone the child shall not be dismissed."

Furthermore, Haley directed "If the principal has any doubt about the telephone request he shall immediately request the local police station to call at the home of the child for verification."

The bond was posted in the name of Meridel LeSueur, of Minneapolis, Minn., whom Ross described as "an old friend" and an author. The FBI said he formerly was a Communist party functionary in the Minnesota area.

The Connecticut Lakes region in northern New Hampshire was independent from 1832 to 1835, spurning allegiance to either the United States or Canada until the New Hampshire militia forced inhabitants to acknowledge state sovereignty.

Los Angeles Smog Problem Growing

LOS ANGELES (AP)—The mayor of Los Angeles says people are moving away because of the smog.

Mayor Norris Poulson told a smog control committee yesterday that he knows of eight or nine persons with substantial investments here who have moved elsewhere because of the menace to health.

"I have letters from others saying they are leaving here for the same reason," he told the committee, representing the Los Angeles County division of the League of California Cities. The mayor said the people are getting impatient and that "it's time to get tough" with smog violators.

Meteorite Shower Due

Star-Gazers Anticipate Celestial Show Tonight

ALBUQUERQUE (AP)—After more than six years, nature again may reveal a cosmic panorama to man.

Throughout the world tonight, professional and amateur astronomers, those who love the astness and beauty of the heavens, and just plain laymen, may be treated to the spectacle of a spacious meteor shower.

Dr. Lincoln La Paz, director of the Western world's only Institute of Meteoritics, at the University of New Mexico, said:

"There are good reasons to believe we will see a respectable shower Friday night. But, unlike an eclipse, we cannot predict it for sure."

Astronomers are preparing for the phenomenon, for it is seldom that such glories are revealed to man.

In 1946, eight days after Giacobini's comet passed through a certain point, the earth arrived at that same point—the node—and earth's inhabitants were treated to the spectacular shower.

"A single observer," La Paz said, "saw more than 200 shooting stars in a minute. In the average shower, we are lucky to see about 60 an hour."

The Southwest United States—between Albuquerque and the West Coast—was treated to the show. But the rest of the nation, lying under a heavy cloud cover and a full moon, saw nothing.

Several Eastern universities' star gazers prepared for years for the spectacle but missed out because of the clouds.

This year earth will reach the node 180 days after the comet passes. In 1940 the point was reached 229 days later.

Conditions are "quite favorable" for the shower, La Paz said. There will be no new moon to detract from the brilliance of the sight.

Earth passes through the trail of the comet once every six and six-tenths years.

The celestial fireworks, of course will be a world-wide extravaganza.

Giacobini's comet first was discovered at the beginning of the 20th Century. Since then it has showered the earth at six-year intervals.

One of the largest showers ever seen in Europe occurred in 1933. Astronomers joint to 1946 as the best year for the United States.

Finnish Museum Clears Attic, Finds Valued Art

HELSINKI (UP) — A genuine Watteau painting was 'discovered' recently at the Ateneum, the Finnish national gallery of arts. It had been kept in the museum's attic for over 30 years without anybody knowing its real value.

Red-faced museum officials admitted that "we thought it was only a copy of a Watteau piece."

The painting, called "L'Escarpolette" (The Swing), dates from around 1715 and came into the hands of the museum through a private donation in the early 1920's. It was identified through a book on arts published in 1850.

WINS VOTE OF CONFIDENCE

PARIS (AP)—The 103-day-old government of Premier Joseph Laniel won what amounted to two votes of confidence today when the National Assembly refused to approve Socialist and Communist motions criticizing the Cabinet's handling of the country's economic affairs.

Program Opens Sunday

Marion Club To Observe Business Women's Week

Marion Business and Professional Women's Club members will join next week with 165,000 other employed women throughout the country in observing the twenty-sixth anniversary of National Business Women's Week. Miss Martha Luke is local club president, and Mrs Estelle Allen and Mrs. Norma Jacob are chairmen for the week's observance here.

Theme of the National Federation of Business and Professional Women's Clubs for this year is "The Ramparts We Build," and the "defense of the economic ramparts of the United States" lies at the heart of the program set up by the national club in which state and local clubs are co-operating.

— —

STRENGTHENING of "Ramparts" by an active interest in civic responsibility was the idea of a meeting of the local club Wednesday night, pre-dating observance of National Business Women's Week which opens on Sunday.

At the dinner meeting at Hotel Harding, sponsored by the legislative committee, members heard Frank Phillips, Marion attorney, speak on the Home Rule Charter issue which will be put before voters here at the November election. Chairman of the committee was Miss Patricia A. Cox. Table decorations included small symbols of two political parties, donkeys and elephants of modeling clay "carrying" American Flags.

— —

A "RAMPART" of health and community welfare which has the particular backing of the local club is the Heart Association in Marion County, now a part of the United Appeals drive. The Marion County Heart Fund drive was previously an annual project undertaken by the BPW. Miss Luke and other members of the club will take part in the United Appeals supporting activities throughout October.

Other "ramparts of democracy" which the national, state and individual BPW clubs seek to build include improved understanding of international relations, education and vocational advancement, public affairs, and worthwhile radio and television programs in the fields of both education and entertainment.

— —

ON A NATIONAL LEVEL, through efforts of the club, women are urged to attain "full citizenship." Along this line, in a statement for the national BPW federation, Mrs. Ivy Baker Priest, U. S. treasurer, cites a need for more women trying for public office. Under secretary of commerce, Walter Williams, on a similar note, has pointed out a need for "watching and building the ramparts of woman suffrage already won." A group from the Marion club heard last spring at a national BPW meeting at Washington, D.C., the two cabinet officials in similar pronouncements.

Opportunity through BPW to "help build the nation's ramparts" in relation to the place of this country among the other nations was praised by Mrs. Clare Booth Luce, U.S. ambassador to Italy.

— —

NOT OVERLOOKING attention to "spiritual ramparts," the local club, as has been the annual custom previously, will open National Business Women's Week Sunday with breakfast for the members at Hotel Harding, followed by attendance at services of First Presbyterian Church. Each year, a church of a different denomination is chosen.

Posters telling of National Business Women's Week will appear in downtown Marion business places, and a special window display presenting the Marion Business and Professional Women's Club to the public will be arranged. Close of the week will be marked by members attending a district meeting Oct. 18 at Newark.

Jury Indicts Ohio, Pennsylvania Men In Kidnaping Case

PITTSBURGH (AP)—Benjamin B. Williams of Rt. 3, Lisbon, Ohio, and Francis L. McDole, Rt. 1, Smith's Ferry, Pa., are under federal grand jury indictment today on kidnaping charges.

The men, both 21, were indicted yesterday after government attorneys told the jury they held a young man and woman prisoners at gunpoint and took them across a state line.

The FBI says the pair forced Miss Mary Jo Buchanan, 20, and Henry Cornman, 23, both of East Liverpool, Ohio, to accompany them on an auto ride Aug. 16 over Ohio and Pennsylvania roads.

McDole and Williams also face state charges of rape and armed robbery. FBI agents say they attacked Miss Buchanan and robbed Cornman of his wallet.

Talks Could Start by Monday

U.N. Offers Compromise In Prisoner Interviews

PANMUNJOM (AP)—The Allies today offered a compromise plan that could get explanations to reluctant prisoners of war started by Monday.

The U. N. Command said it is willing to work round-the-clock to cut the time of building temporary explanation centers for the Communists from seven to five days.

The Reds will use the centers to interview 22,600 Chinese and North Koreans who have refused to return to communism.

Commission Charges

The Neutral Nations Repatriation Commission (NNRC) in a letter Thursday indirectly accused the Allies of trying to stall the start of Red persuasion attempts in an effort to cut down the explanation p[illegible] which ends Christmas Eve.

Both sides built explanation facilities before the scheduled Sept. 20 starting date, but each rejected the other's construction.

The Reds said the U.N.-built center was located so that the Communist representatives would have to travel too close to stockades holding violently anti-Red POWs The NNRC asked the UNC to build a new one.

After hearing U. N. estimates of the time it would take—one week for the temporary facilities and four weeks for the permanent areas—the NNRC asked the Allies to finish it in four days or let the Reds do it.

Five-Day Job

The Allies replied that with the proffered help of Indian troops the sites could be built in five days. Some 5,500 Indians are guarding the balky prisoners.

Brig Gen. A. L. Hamblen, Allied commander for prisoner affairs, turned down an offer to let the Communists help in the construction.

Delaware Students Unhappy at Fate Of Recreation Spot

DELAWARE—Delaware teenagers were discussing ways of maintaining a recreation spot here Wednesday night when they met at the Youth Center at the old North School.

The Center remained open last night and was to be open for the rest of the week, even though the insurance policy covering the building has been cancelled. The Center was ordered closed earlier this week by the Board of Education, until the furnace is replaced The insurance company had informed the Board that the furnace was a fire hazard and refused to furnish coverage until it was improved

Sherman Moist, chairman of the recreation committee, said the Center will remain open the rest of this week, until food supplies are more nearly exhausted. The furnace will not be fired, he said, and if weather is not considerably colder, it will be possible to stay open.

Youths attending the Center Wednesday night netted a collection of $23 20 from students and adults who visited. One motto inscribed on a blackboard in the school by a student read. "A nickel a week will bring the heat"

Some adults visiting the Center contributed to the collection, but discussed the need of adult planning for a youth recreation center in Delaware

During the summer, the average number of teenagers monthly purchasing tickets to the Center was 115 In addition, about 1,400 single night fees were paid each month

Sens Hickenlooper (R-Iowa) and Olin D. Johnston (D-SC), among others, agreed there is no imminent prospect of a Russian atomic attack on this country.

Sen Green (D-RI) applauded Eisenhower's clampdown on varying statements from administration officials on the probability of any such attack.

Eisenhower's statement said "The Soviets now have the capability of atomic attack on us, and such capability will increase with the passage of time," and it continued

"In August of this year we learned through intelligence channels of a Soviet test of an atomic device in which some part of the explosive force was derived from thermonuclear reaction . . . popularly known as the H bomb."

Judge Rules on Conservancy District Funds

DEFIANCE, Ohio (AP)—The Maumee Watershed Conservancy District can't spend another penny until a common pleas judge lifts an injunction handed down yesterday.

The 15-county flood control district is at a standstill because of a suit brought by Allen County The county wants a refund of money paid into the district. Yesterday Judge James L. McCrystal barred the district from spending any money and said he expects to hold a hearing on the case the week of Oct 26.

Yesterday's move was the latest step in a series of court rulings which have jolted the foundations of Ohio's conservancy system

It all started when the state Supreme Court ruled a few months ago that what the Scioto-Sandusky Conservancy District called assessments were in reality taxes on property owners. Taxes must have the approval of the counties in the district. That approval is lacking

Ralph W. Peters, secretary-treasurer of the Maumee district, said he would call directors together, probably next week, to decide what to do about the injunction.

Dist Atty. Karl H. Weaner Jr., said he would appeal to the appellate court in Lima.

Kiwanis Club Addressed by State Official

Fire Prevention Chief Says Carelessness Is Chief Cause of Blazes

A talk on fire prevention was given by Foss H Gregg, chief of the Fire prevention Bureau, Division of the State Fire Marshal's Office in Columbus, at the weekly meeting of the Kiwanis Club held Thursday at Hotel Harding.

Topic of his talk was "Fire Ahead." He told the Kiwanians that during this week everyone should dedicate himself to the prevention of fire for the safety of business, family, and community.

He said last year 12,000 persons died as a result of fire, 2,500 of whom were children Added to the loss of human life, was property loss, more than $750 million Then too, he added, 47 per cent of industrial firms which burn down never go back into operation.

In an effort to combat the loss due to fire, Gregg called upon the Kiwanians to practice vigilance at all times, not just during one week of the year Employes in all firms should know how to use fire extinguishers.

Carelessness was charged by the speaker as the greatest cause of fires in America. About 95 per cent of all fires are the results of carelessness, he said. Of the fires caused by carelessness, those which are the result of improper use of matches and cigarettes are the most common

Gregg called for more vigilance in dealing with fire or the sources of fire He asked his audience to check if wiring and heating systems are in proper working order, and to eliminate any improperly stored flamable liquids.

Teaching fire prevention should be a required course in the schools, he said. Gregg closed his talk by saying that fire prevention was an individual effort, not up to someone else.

The speaker was introduced by A. W. Kette, chairman for the day.

Perfect attendance tabs were presented the following men for the time indicated: Harold Denzer, one year; Clarence L. Baxter, one year; L. G. Jones, one year; Warren Wise, three years, Lester L. Dickey, 11 years, J. H Smith, 12 years; Elandes E. Miller, 15 years.

Rural Home Sanitation, Zoning Discussed by Marion Builders

More than 70 members and guests attended a dinner meeting held at the Harding Hotel last night by the Home Builders Association of Marion.

Guest speaker was Marion County Sanitarian R. H. Augenstein. Speaking on the topic "Sewage Disposal for Rural Homes," he explained the proper installation of septic tanks and noted use of them is nearly mandatory for modern rural homes.

He pointed out that county or state officials may take police action where raw sewage creates a sanitation or health problem.

Illustrates Talk with Movie

His talk was illustrated by a movie entitled "The Farmer Builds a Septic Tank" which showed in detail various methods of construction and proper care and maintenance of septic tanks.

Augenstein added that septic tanks should be cleaned at least once every three years for proper operation

A question and answer period followed in which W R Aukland, district sanitation, and C. S. Helling, assistant district engineer, both of the State Department of Health and Sanitation took part.

Dr J. W. Bull, chairman of the Marion County Zoning Committee, also gave a short talk. He told what has been accomplished so far and outlined the procedure to be followed incidental to establishing a township zoning ordinance.

Frank L Warwick, president of the association, summed up the aims and operation of a zoning program. First, he said, a committee of local business men is organized to study state and local legislation and the operation of local agencies in planning and developments This group then outlines the powers and functions of these agencies.

A fair and objective analysis and appraisal of how planning commissions operate is made and a positive program is formulated which may include a modern zoning ordinance correcting platting regulations or developing a rehabilitation program Finally the results of these studies and the committee's suggestions are discussed with various local agencies to solve any misunderstanding

"It is surprising how often frank discussion will reveal that the areas of disagreement are actually less than first anticipated because of clearer understanding, Warwick said.

Kidnaping

he may have lost another bag of money while drunk

Further doubt was cast on Mrs. Heady's story that she didn't realize she was participating in a kidnaping when she lured Bobby from his school on the pretext she was his aunt

The FBI said her fingerprints had been found on ransom notes used during the kidnaping negotiations.

Hall and Mrs Heady now are held on $100,000 bonds on federal charges of extortion. However, Atty Gen. Howard Brownell Jr. said in Washington they would be turned over to the State of Missouri for prosecution.

Jackson County Prosecutor Richard K. Phelps said they probably will be brought to trial here. He said that at this point kidnaping charges against them in Kansas City are stronger than would be the murder charges against them in St. Joseph, Mo.

Soldier Listens To Conscience, Admits Theft

PORTSMOUTH, Ohio (AP) — An Air Force sergeant, who spent hours in bars and movie theaters trying to suppress his conscience, has surrendered to authorities and confessed stealing $1,100 from an Air Force base book store where he worked.

Sheriff Burl E Justice said today S. Sgt Virgil W. Brull, 29, of Two Rivers, Wis., hailed a deputy sheriff on a Portsmouth street yesterday and turned himself in

Sheriff Justice said Brull told him he took the money from a book store safe at Chanute Air Force base at Rantoul, Ill., where he worked He told Justice he took the money to pay off gambling debts, then decided to go absent without leave Sept 30

Brull turned over some of his own money to his wife with whom he lived at the base, said Justice, then went on a spree to Indianapolis, Cincinnati and Columbus Ohio. He spent considerable time in bars and movie houses, Justice quoted him as saying, and hadn't been able to sleep since leaving the camp.

Justice said Brull turned over $318 69 to him, all that was left of the stolen money.

Actual Experience Needed by Warren, Rep. Betts Declares

Jackson E Betts, representative from Ohio's eighth congressional district, feels that the position of chief justice should have gone to a man with judicial experience. James B Sibbison, Washington correspondent for The Associated Press, reported today

Betts, whose district includes Marion County, said that he has nothing against the appointment of Earl Warren to the nation's top judicial post. "But he wasn't my man," Betts said.

Betts, a resident of Findlay, is a lawyer and former prosecutor,

According to Sibbison's report, Betts is engrossed in a new biography of "Uncle Joe" Cannon, former speaker of the House.

Betts substituted on a number of occasions in the last session of Congress for House Speaker Joe Martin

"Anyway," says Betts, "I love biographies. Don't you?"

Daughter Nancy Betts is going to school in Washington this year, but her father plans to have her enroll for her senior year at Findlay High School.

May Boost Ohio Turnout Over 2 Million Mark

Mayoral Contests Fan Interest in Off-Year Election

By REED SMITH

COLUMBUS, Ohio (AP) — Spirited mayoral contests are fanning interest in the Nov. 3 "off-year" election for a number of Ohio cities.

Interest also is whetted by statewide proposals to change the Ohio Constitution, about 1,300 special issues in local communities and election of other city, village and township officials.

Election officials speculate the total turnout might exceed the 1,956,835 votes vast by Ohioans in 1951, last "off year" election when ballots lacked state and national candidates.

A total of 3,749,828 Ohioans voted in the 1952 November presidential election.

In Cleveland, state Sen. Anthony J. Celebrezze stirred the political pot by beating the Democratic organization's candidate for the mayoral nomination.

The mustachioed Celebrezze will face Republican William J McDermott, former juvenile judge, in the November election with the blessings of Democrat Gov. Frank J. Lausche, another Clevelander. Politicos give Celebrezze the inside track.

Democrat Mayor Thomas A. Burke did not stand for re-election. He endorsed his party organization's candidate, Albert S. Porter, Cuyahoga County engineer.

Maynard E. Sensenbrenner is the Democratic opponent of Republican Mayor Robert T. Oestreicher who seeks re-election in Columbus.

Republican Mayor Carl F. Wise of Canton, seeking another term, drew former Mayor Thomas H. Nichols for his Democratic opponent.

Wise, who defeated Nichols two years ago, favors a one-half of one per cent city income tax issue on the ballot this fall. Nichols, who has taken no stand on the income tax question, hammers at what he calls broken promises and unwise spending by the city administration.

Neighboring Massillon has its eyes on a contest between Harlan M. Campbell, Republican, and Edgar L. Lash, Democrat, for mayor.

Campbell, an ordained minister and oil company executive, outdistanced three rivals for the GOP nomination. Lash, former city auditor now employed by an automobile agency, was unopposed in the primary.

They are seeking the office that retiring Republican Mayor S. Robert Weirich will vacate after serving six consecutive terms.

Salem's mayoral contest features Dean B. Cranmer, Democrat, and William P. Bodendorfer, victor over four opponents in the Republican primary. They included Mayor Harry M. Vincent.

The Democratic campaign revolves about oppostion to the city's sewer tax, levied last March. It amounts to 65 per cent of consumers' water bills.

In Lancaster, O R. Williams, 60-year-old furniture merchant, defeated the Democratic incumbent, Dr. W. H. Crook, who sought a second term as mayor. Williams was a leader in the movement that brought defeat of a Lancaster city income tax last year.

His Republican opponent is John H. Weis, 42, a veteran of six years as city councilman.

Athens Mayor Peter B. Seel, Republican incumbent, is unopposed. So is Earl Hilleary, former Republican mayor in Nelsonville, near Athens

Marietta, Ohio's oldest city, sports a race between Republican Benjamin B Cain, restaurateur who lost out in the primary two years ago, and Democrat Ray A Newhart, oil producer and harness racing driver and trainer.

Wilmington's contest for mayor features C. C. Nichols, former three-term Republican mayor, and Thomas Downing, Democrat and former mayor of Clarksville, now a Wilmington barber. Mayor Malcolm K. Arthur, completing his second term, did not seek re-election.

Mount Vernon's Mayor Phillip G. Mauger, Republican serving his first term, is unopposed.

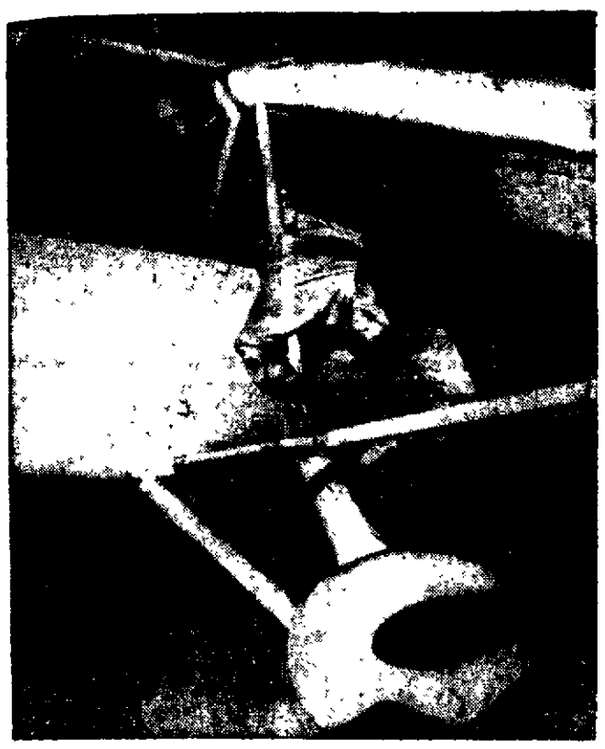
Cincinnati, Toledo, Springfield and Portsmouth do not elect mayors under their city charters. Their city councils pick the top executive official.

Cincinnati will elect members of city council who, in turn, will name one of their number as mayor.

Toledo Republicans now hold an 8-1 advantage on the city council and Mayor Lloyd E. Roulet's reelection appears assured if the GOP keeps control.

Portsmouth will elect six ward councilmen and other officials. Councilmen appoint a city manager.

Six candidates seek three city commission seats at stake in Springfield. The new commission will name one of its members president and he will serve as ex-officio mayor.



AERIAL ACROBAT. Nicholas Morohovich, 38, of Conneaut Lake, Pa., demonstrates how he lassoed a broken landing gear at Meadville, Pa , and secured it while the plane was in the air. Francis Confer, 31, of Adamsville, Pa., piloted the plane and held his friend's legs during the daring maneuver. The gear snapped on the takeoff. Morohovich landed the plane safely.

Homes Are Flooded At Daytona Beach By 9-Inch Rainfall

DAYTONA BEACH, Fla. (AP) — More than nine inches of rain poured down on Daytona Beach yesterday, making lakes of large areas and flooding streets and homes.

Nearby Ormond Beach was hard hit also. Mayor Leo Foley reported water covered the floors of at least 50 homes and that many families had moved out.

Police ran out of barricades to block off flooded streets.

The drainage canal west of Daytona Beach overflowed and the Halifax River which runs through the city lapped over its seawall in many places. A drainage canal also overflowed in Ormond Beach.

The U. S. Weather Bureau reported the total fall here since Aug. 4 measured 39.13 inches.

ACCUSED RED FREED

CLEVELAND (AP)—Three relatives pledged $60,000 worth of real estate yesterday to get David Katz, 40, free on bail. He was one of seven persons arrested by FBI agents Tuesday as minor officials of the Communist party in Ohio. Bond of $25,000 cash had been set on four persons held here, including Katz' wife, who remained in jail.

Erie Promotes Former Official From Marion

John R. Ebert, formerly associated with the Erie Railroad here, has been transferred from Youngstown to Hornell, N. Y., where he will have increased responsibilities as superintendent of the Delaware, Susquehanna and Tioga divisions.

Assistant general yardmaster here in 1936, Ebert had been superintendent at Youngstown since Oct. 1, 1951. Thomas E. McGinnis, 45, a native of Youngstown and superintendent of the Allegany-Bradford-Meadville an Buffalo and Southwestern divisions at Salamanca, N.Y., succeeds Ebert as superintendent of the Mahoning division at Youngstown, Dec. 1.

Ebert is replacing Arthur W. Baker, formerly associated with the Erie here and former superindent at Youngstown from 1941-1946, who is relinquishing his position at Hornell, N.Y., in accordance with the Erie's "retirement-at-65" policy. Baker was superdintendent here in 1930.

Hagerstown's Water Situation Is Complicated

HAGERSTOWN, Md. (AP) — Hagerstown faces the problem of trying to keep out the very water it wants to let in.

It wants to keep Potomac River flood waters out of its Williamsport pumping station—but let in water to pump to city homes.

Hagerstown officials figure higher dikes around the station may be the answer. Army engineers say a new dam being built above Cumberland won't protect the station.

Hubby Long on Luxuries But Short on Groceries

CHICAGO (AP)—Mrs. Dorothy Kinley, 32, in a Circuit Court suit said her husband, Bruce, 35, had given her a Cadillac car, a mink coat, jewelry, and expensive clothes—but no money for groceries.

She filed a suit for separate maintenance. Judge Julius H. Miner granted an injunction to keep Kinley, described by his wife as a "bookmaker" and gambler, from disposing of assets in a safe deposit pending disposition of the suit. They were married in 1950.

Mt. Gilead's Mayor To Get Salary Hike

Special to The Star

MT GILEAD—Mt Gilead village Council members held a busy session at their regular meeting this week

Salary of the next mayor of the village was raised by the passing of an emergency ordinance Present Mayor Art Ward is receiving a salary of $500 yearly whereas the mayor elected Nov 3 and who will take office next Jan 1 will receive a salary of $3 000 yearly One of the reasons for the increase as pointed out by Council members was the fact that the new mayor will be expected to hold a mayor s court Under the new law a mayor cannot collect fees from cases tried but a large percentage of the fees and fines collected go directly to the village It is expected that fines collected will more than make up for the increase in salary No mayor s court is held at the present time

A second item of business was the approval by Council of the ordinance allowing an increase in gas rates The ordinance had been tabled for 60 days until this meeting Gas company officials estimated that the new rates would increase gas costs by 15 per cent at the end of a five-year period for the heating of an average five room house The gas rate ordinance will be in effect at the earliest date allowed by law

Authority was given to the street commissioner Harless Bending to go ahead with removing of trees in the village square and on village streets A survey of trees to be removed or topped was made by John Harvey who will do the work for the village

Rex Bidwell was hired as village night watchman

A letter was read from the state director of health which approved plans for a sanitary sewer and lift on Route 61 at the northern end of the village The letter said that the village must pass ordinances which would prohibit the establishment or maintenance of privies cesspools and private sewage disposal facilities which would prohibit the dicharging of roof water into sanitary sewers, which prohibit the discharging of roof water into storm drains and which would provide for the issuance of permits for sewer connections and installations The ordinance would affect only residents living in the area to be served

These Days

By George Sokolsky

I was talking to a furrier about his union. It is a Communist-dominated union, but this particular furrier is a decent citizen, devoutly religious, living quietly with his family and minding his own business.

SOKOLSKY

So I asked him why he and people like him tolerate the Red leadership in his union.

"Read the papers and you will understand everything," he replied.

-:-

"ALL RIGHT," I said, "so I read the papers and what do they show me? They show me that your union bosses are under indictment for conspiracy against our country, they are being deported."

He interrupted:

"That ain't what I'm talking about. I'm talking about Joe Fay and Joe Ryan and labor leaders like that who rob the worker, who take kickbacks, who are themselves capitalists, owning businesses for which we have to work. They tie up with the politicians.

"And this I want to tell you, Joe Fay ain't no exception. There are plenty of Joe Fays and only he is in prison.

"Maybe the Reds let us take home our pay-checks and don't steal from the welfare fund because they want us to keep our mouths shut when they pass resolutions denying that the Rosenbergs were spies. So I don't complain no matter what I think because these union bosses don't steal my wages."

-:-

I THOUGHT a good deal about this conversation, which I assure you is authentic. The combination of labor racketeers and politicians has done the labor movement great harm and has helped the Communists.

It took the American Federation of Labor two decades to get rid of Joe Ryan's longshoremen's union in New York, a union which has been wrecking this metropolis. It became a sanctuary for criminals and ex-jailbirds and the officers of the American Federation of Labor knew it.

There never was any secret about the combination that Ryan operated: it consisted of murderers, thieves, labor leaders, politicians and certain businessmen engaged in shipping who found it better business to pay off tan to keep the port clean. Pilferage became a right, exercised by the union bosses.

-:-

INVESTIGATIONS disclosed the facts; newspapermen won prizes disclosing the truth; but Ryan held his job and the American Federation of Labor avoided interfering in the internal affairs of a union.

Now that Joe Ryan and his union have been expelled from the American Federation of Labor, a strike has been called; the President has invoked the Taft-Hartley law and the attorney general got an injunction; Gov. Dewey appealed to the shippers not to sign a new contract with Ryan; and the great fear is that if an election were held, he might win and his union would be certified by the National Labor Relations Board.

-:-

THESE CROOKED labor leaders always complain about the Taft-Hartley law and want Congress to abolish it because while the Taft-Hartley law has not driven them out of business, it has put limitations upon them which could be used by the government and in the case of the Ryan union have only been resorted to after scandals have been made public by the newspapers. The same goes for Joe Fay.

What gives these crooked men so much power? The answer is, money.

They control enormous treasuries, running into the millions of dollars and while nowadays they do generally give some kind of financial report, they can cover their contributions to politicians as "educational expenses" or "contingency funds," which they can keep secret under existing laws.

-:-

THEIR ARGUMENT for secrecy is that were they to make such information public, the enemies of labor would have an advantage.

In these lean years of high income taxes, politicians, needing campaign money, especially what is called "under-the-table" money, paid in cash and never reported no matter what the law requires, have discovered in the unions a reservoir of cash which can be tapped for favors promised and performed.

After all, David Dubinsky, who is a good labor leader, owns a political party in New York City which his union supports out of its treasury.

He is running his own candidate for mayor of New York City and, according to his press agent, has given Harry Truman a going-over because the ex-President spoke favorably of another candidate.

Not every labor leader can own a political party but he can own distinguished political leaders.

NEW 'CONTRACT.' TV star Ann Rutherford and CBS executive William Dozier exchange romantic looks over their wedding cake following marriage in his Fifth avenue apartment in New York. Between them is 6-year-old Gloria, Ann's daughter by a previous marriage to David Mays. Dozier formerly was husband of Joan Fontaine. Cake was doubly appropriate, day being Gloria's birthday.

Inside Labor

By Victor Riesel

Despite the burst of politically explosive publicity around labor extortioner Joe Fay, it has not been said bluntly anywhere that he has been a myssterious "Mr. Big" of the national crime syndicate ranking with the Frankie Costellos, the Joe Adonises and the Greasy Thumb Guziks.

RIESEL

When the big boys wanted something done inside labor, they went to Joe Fay—through the tough Jersey mobs—during the past 20 years, including the last six which he spent in Sing Sing.

In turn, they let Fay be the Mr. Big of the multi-billion dollar construction industry, ruling a tough labor mob which has been feared by most union chiefs regardless of rank.

-:-

TO UNDERSTAND this power, let's go back several years to a meeting of the nation's top mobsters in a farm house outside Dallas, a record of which is in safe hands in Washington.

The warlords of the underworld met to divide the United States into territories—just as any business organization calls its sales executives together to hand out special districts.

Among those handsomely tailored men who had flown down incognito were Frankie Costello, the Fischetti brothers of Chicago and spokesmen for such crime tycoons as Myer Lansky.

They cut up the country as swiftly and smoothly as any one of their goons does a slash job on an errant gangster.

PART OF THEIR business dug deep inside labor. *For this they had "account executives" in every* field—labor men assigned industry by industry, region by region.

Their provinces ranged all the way from night club singers to laundries, from taverns with one juke box to 1000 room hotels, from the lend-lease of torpedoes for picket line duty to ownership of transit systems.

One area they left for their boy, Joe Fay, former boss of the Operating Engineers' Union. He was the Mr. Big of the northeastern construction area—a sector in which $300,000,000 waterways and several hundred thousand homes were being built.

Joe Fay's power came from his early friendship with the Jersey crowd which lived near or along the Hudson, just as the mobsters now concentrate around Hollywood, Fla., north of Miami Beach.

EITHER FAY or his boys were in constant contact with such men of the proletarian soil as Albert (the Executioner) Anastasia, Joe Adonis, Willie Moretti, and in the earlier days, Jimmy Hines, power behind many a race track mob.

As far back as June 1928, Fay became one of the boys by organizing the Joseph Fay Travel Assn., which financed trips to Canada during prohibition.

So powerful was Fay's bi-partisan power that neither he nor any of his lieutenants were investigated by the Kefauver committee—and it would be interesting to learn why none of Sen. Kefauver's investigators told the Tennessee senator what a wealth of pay dirt there was in Fay and his associates.

It should be pointed out here that the senator is not responsible. His investigators are.

THEY OVERLOOKED a multi-million dollar operation despite the many tips which came their way from terrorized rank and file members of the construction trades, and businessmen as well.

The longer Fay and his combine dealt in favors inside labor, the wealthier he became and the larger were the indirect contributions to Eastern political campaigns.

These protean labor-capitalists did very well. One of Fay's lieutenants, Bill deKoning, who controlled virtually everything on fashionable Long Island from home building to restaurants and floor waxing, started as a poor AFL international organizer.

Right now, in addition to all his holdings, he is worth a quarter of a million dollars in race track stock alone at three raceways.

-:-

ANOTHER FAY lieutenant, Marty Parkinson, of the Yonkers Operating Engineers Union, testified at his own trial for extortion that his price of $100,000 for labor peace on big projects was set by Fay.

Parkinson argued that he was under the domination of Joe Fay and thus not himself responsible for his criminal acts. The jury obviously was drawn from among local cynics. It sent Parkinson up for three to six years.

Even now, with Fay in a rocky crag of a prison known as Dannemora, his power is recognized by the Operating Engineers national office in Chicago. There has not been a sound out of it since the recent exposures which grew out of the murder of a janitors union boss, Tommy Lewis, who obviously stepped out of line once too often.

All of which proves that truth is stranger than Hollywood. Mickey Spillane, you're a sissy.

Highbrow Stuff

By Inez Robb

Is your cultural slip showing? Are you, intellectually, as dated as a model T?

You can determine your cultural lag, if any, by answering the following questions

INEZ ROBB

1— Do you believe that a William Shakespeare wrote "Romeo and Juliet," "Hamlet," "Macbeth," "Anthony and Cleopatra," "As You Like It," "The Merchant of Venice," "Henry V," et al?

2 -Or do you believe these plays were written by a Sir Francis Bacon?

-:-

IF YOUR ANSWER to either one of these questions is "yes," you are hopelessly out of touch with modern intellectual trends and will probably be crossed off the membership list of your local branch of the egghead union.

It is almost as old-hat now to believe that Bacon wrote the plays as to insist that Shakespeare did.

The most important contender for the title of "author" in recent years has been Edward de Vere, seventeenth Earl of Oxford. But he is being challenged now by William Stanley, sixth Earl of Derby.

When it is understood that William Stanley is a member of the famous British family for which the derby hat and the derby race were named, it can readily be seen that his claims to authorship of the great classics is not easily cast aside.

-:-

LARGE TOMES, each supporting the claims of the rival earls, are but recently on the market. "This Star of England," by Dorothy and Charlton Ogburn, backs Oxford. "Shakespeare's Identity," by A. W. Titherly, seconds Derby.

The authors of the two books agree on only one thing: that William was a lout and country bumpkin who couldn't possibly have written all that gorgeous stuff attributed to his by-line.

Doc Titherly's book is a cantton He advanced his man's—Derby's—claims to the title through a brace of formulae which he appears to have salvaged from Prof. Albert Einstein's waste-paper basket.

-:-

BY APPLYING these formulae, (log R equals 2 4 minus .05V; and log S equals 2 2 minus .04V), the doctor proves to his own satisfaction that the Earl of Derby is solely responsible for the whole Shakespearean kit and kaboodle. What I say is—as I always say about Prof. Einstein—it's an interesting theory, but can he prove it?

Since both earls have been dead approximately as long as Shakespeare and-or Bacon, first hand evidence is negligible. But it makes dandy dinner - table conversation and fills in any gaps at Canasta.

-:-

BUT HAVE YOU heard the really hot rumor going the rounds of lit'rary circles, to the effect that a Britisher named Sir Laurance Olivier is the real author of a couple of sensational plays, "Macbeta" and "Henry V"?

Well, you have now. As the author of the rumor, I promised to bolster it with irrefutable proof and formulae as soon as I have time to think them up. I see no reason why my entry should not at least place and show. Furthermore, I can produce my nominee, which is more than the Ogburns or Doc Titherly can do.

There is obviously money to be made in this renewed Shakespearean controversy, and I'm not proud.

Furthermore, in this atomic age, I sincerely admire the scholar who can work himself into a lather over whether Will or two other fellows wrote Shakespeare.

It really requires a detached mind—detached from everything, if you ask me.

Appeal Made For Clemency In Dean Case

COLUMBUS, Ohio (AP) — Counsel for Mrs. Dovie Blanche Dean, under sentence to die Nov. 6 for the poison-slaying of her husband, appealed to Gov. Frank J. Lausche today for clemency.

The Ohio Pardon and Parole Commisison scheduled a clemency hearing for Oct. 29.

The governor in acting on Mrs. Dean's plea will consider the commission's recommendations following the hearing.

Only the governor now can spare Mrs. Dean from death in the Ohio Penitentiary's electric chair.

She was convicted of the first degree murder of her husband, Hawkins, 68, in their Clermont County home more than a year ago to get his $27,000 estate.

The Ohio Supreme Court last Wednesday turned down an appeal from her conviction and set the date for execution.

Recluse Sees Town First Time in 22 Years, Goes to Jail

DAYTON, Ohio (AP)—Gordon Prets a 69-year-old recluse, made his first trip into town in 22 years last night—straight to the Montgomery County jail where he is being questioned in the murder of a construction worker.

The grizzled, gum chewing old timer shot and killed William C. Smith, 42, of Dayton because Smith parked a truck on his driveway, a detective said.

Prets is quoted as saying he killed Smith accidentally and that he "went to hit him in the shoulder." Police said Prets and Smith argued about Smith being on Prets' property and Prets lost his temper.

No charges have been filed.

Wyandot Jury Called To Hear Murder Charge

Special to The Star

UPPER SANDUSKY—The Wyandot County grand jury will meet Oct. 19 to hear murder evidence against 19-year-old Roy Schinagle Jr. of Mayfield Heights, who is charged with the brutal slaying of his college sweetheart, Cynthia Pfeil, of White Plains, N.Y.

The grand jury was called yesterday by Common Pleas Judge Russell J. Kear of Upper Sandusky, after county coroner B. H. Hathaway filed the death certificate. Hathaway ruled that Miss Pfeil died in Wyandot County, near Upper Sandusky, where Schinagle admitted leaving her body after he choked her and beat her with a metal pipe. Coroner Hathaway ruled that Miss Pfeil died of strangulation with accompanying causes of multiple skull fractures and torn facial tissues.

Schinagle, who was a sophomore at Ohio Wesleyan University in Delaware, is held on a first degree murder charge. The grand jury will fix the degree of homicide in its indictment. Penalty for first degree murder in Ohio is death.

Wheat Crop Restrictions Are Tightened

WASHINGTON (AP) — The Agriculture Department today added a new condition for farmer eligibility to get a $2 20-a-bushel price support on next year's wheat crop.

The condition is this: Growers must comply not only with the government control program for wheat next year, but also with similar programs in effect for any other basic crops which they may grow on their farms.

Besides wheat, the basic crops are cotton, corn, rice, tobacco and peanuts.

This means that a farmer who grows both wheat and cotton must plant within his assigned allotments for each of these crops in order to be eligible for price supports on either.

The new condition has been added since growers voted in August to approve rigid government marketing quotas on the 1954 wheat crop—a program to keep surpluses from getting larger.

Truck Hits Automobile On 42 Near Mt. Gilead

A Morrow County traffic accident was reported today by Patrolmen from the Marion post. It happened Thursday at 10:30 a.m. on U.S. route 42, three miles south of Mt. Gilead, and involved a car and a semi-trailer-truck outfit.

The car was driven by Edward A. Wurtzbacher, 65, of Lavonia, Mich. Driver of the truck was George R. Swailes, 34, of Eaton. Both vehicles were headed north when Wurtzbacher slowed to make a curve. The truck struck the rear end of the car. There was slight damage to the front end of the truck, and moderate damage to the rear of the car.

Swailes was arrested and charged with following too closely. He pleaded guilty and was fined $15 and costs by Justice of the Peace R. R. Bennington of Mt. Gilead.

50th Anniversary Observed by Lee Street Church

Presbyterians Will Hold Rally Day Program Sunday Morning

Rally Day and fifty years of service as a Sunday School will be observed by the Lee Street Presbyterian Church Sunday, with attendance goal set at 200. Previous high mark is 180.

The history of the Lee Street Church has been closely tied in with that of First Presbyterian Church, one of the oldest congregations in Marion. Rev. Howard L. Olewiler, pastor of First Church, has twice been the minister in charge of the Lee Street services, and is now acting in that capacity.

—:—

SCRIPTURAL REFERENCE for the Sunday School celebration is Prov. 22-6, "Train up a child in the way he should go: and when he is old, he will not depart from it." The congregation will mark with the Sunday morning period of study and worship its half century of effort to help "train boys and girls in this community in the Way of Life and Light." Clifford George is the general chairman.

For his sermon at the 9 a.m. service, Rev. Olewiler will use as his general discussion "The Place of the Church in the Community."

Organized as a mission in January, 1907, under authority given by the Marion Presbytery Jan. 23, that year, the Lee Street congregation consisted first of 64 members. John W. Caldwell, George W. Jones, and John M. Stone were the first elders.

—:—

THE CHURCH was the outgrowth of a Sunday School started in March, 1903, in a rented house near the north end of Lee St. John Landon, an elder in First Presbyterian Church, was appointed by the session of First Church as superintendent, and served five years. He was succeeded by Mr Caldwell.

THE LEE STREET PRESBYTERIAN CHURCH

On Easter Sunday, 1908, the Sunday School hour was changed from 2:30 p.m. to 9 a.m., and preaching in the morning was instituted. Miss Emma Mitchell, a student at Moody Bible Institute at Chicago, Ill., was employed as visitor, and did much to increase attendance. A lay minister, Charles W Hamilton, had been employed in the fall of 1903, and in 1905, Rev. C. W. Lownie conducted preaching services in the evening under auspices of First Church.

—:—

IN 1905, PROPERTY at the corner of Lee St. and Dennison Ave. was purchased by First Church and was remodeled to accommodate a larger number of worshipers. On April 15, 1907, Rev. S. C. Bates became the minister in charge, and his successors included Rev. W. A. Ferguson, Rev. J. B Brice, Rev. G L. Pake, and Rev. Raymond Smiley.

At this time, under Rev. Smiley, the church was returned to mission status once more, under the First Church missionary committee composed of Mr. and Mrs. W. N. Harder, Mrs. C. E. Henney, Mrs. Clara Bell, Ed Brandt, and Mrs. Wayne Jenkins, and Rev. James Fisher was hired as pastor.

Other ministers looking after the interests of the church were, for a period, Rev. Olewiler, Rev. L. V. Bauguess who was pastor of Forest Lawn Presbyterian Church, Rev. Pake, who had been retired, and again Rev. Olewiler, to the present.

Salt Lake City Thug Is Scared Out of Shoes

SALT LAKE CITY (AP)—They're looking for a burglar who was literally scared out of his shoes yesterday.

The would-be burglar—inevitably dubbed "Cinderella" by the local press—left both his shoes behind as he fled an East Side home when the occupants surprised him tip-toeing through their bedroom.

Police — no Prince Charmings they — are waiting for a barefoot boy with cheek to claim the brogans, size 9½.

Anniversary of Great Chicago Fire Observed

CHICAGO (AP) — Today was the 82nd anniversary of the great Chicago fire and the fire department arranged a ceremony at the site where the fire reportedly started.

That site is at 558 DeKoven St., where Mrs. O'Leary's cow on Oct 9, 1871, may or may not have kicked over a lantern and started the fire. The metal plaque marking the site will be removed from the building and turned over to the Chicago Historical Society. The present building is to be torn down.

Officer's Strategy On How To Handle Porcupine Faulty

DENVER (AP)—The Federal Wildlife Service yesterday stamped "closed" on the sticky case of the patrolman vs. the porcupine.

Patrolman Frank Tanko, 40, was sent to the home of Mrs. Wanda Papi after she reported a porcupine was prowling her property.

Patrolman Tanko seized the intruder by the tail "This way, he can't stick me with those quills," he explained to Mrs. Papi

But the frustrated porcupine promptly arched his neck and bit the policeman's finger.

The patrolman was treated at a hospital.

The porcupine was cheerfully donated to the Federal Wildlife Service which is testing ways to exterminate porcupines.

Kidnapers Make Ten Phone Calls to Family

KANSAS CITY (AP)—The kidnapers of Bobby Greenlease Jr. made a total of about 10 telephone calls to the Greenlease home. Each time the called identified himself by saying:

"This is M."

Norbert O'Neill, business associate and close family friend, today disclosed the number of calls and said he talked with the man four times.

All the calls were received between 8 30 p. m, and 5 a. m.

O'Neill said the man talked in low tones, but was brisk and "to the point."

Oklahoma City Cop Is 'Outshot' by Skunk

OKLAHOMA CITY (AP)—Famous last words:

"I figured he couldn't hit me if he was looking at me." Officer V L Connell said of a little black and white striped kitty. "You have to outsmart these skunks even if you have a gun."

So saying, he was soaked to the skin by the little stinker.

"That's the first time a skunk has outshot me since I was a boy," said O'Connell, who then performed the task for which he had been summoned yesterday—ridding the residential neighborhood of the unwelcome visitor.

Physicians had to amputate Miss Guarniere's left leg, badly mangled in the crash, and supply blood transfusions for severe internal injuries.

Immediately after the smashup Shirley walked into a nearby tavern, according to police, and reported the accident. Then he disappeared.

Radio and Television

By John Crosby

Trouble Can Pay

WNEW, the impudent little independent radio station in New York, is having a lot of fun taking pokos at television in a series of spot commercials, each of which begins "You'll never hear this on WNEW." For instance, you'll hear a fanfare of music and then an announcer, in that tone of unbridled idiocy:

J. CROSBY

"Trouble can pay! Program with real people in trouble for your entertainment. Now here's our first guest . . ."

Then a pitiable voice: "You think you got troubles. Boy, I really got trouble. That's all I ever have is trouble."

Comes the announcer: "Hold it! Hold it! We've just received a wire from the Gilt Edge Yacht Company. They are going to give you a yacht complete with crew. Your troubles are over on 'Trouble Can Pay.' "

AS SATIRE goes, it's a little weak, but it just goes to show what television is letting itself wide open for.

Not long ago, Henry L. McCarthy, New York State Commissioner of Welfare, raised an exceedingly angry voice against what he called 'sob story giveaway programs." Whole families, he said, trek clear across the country to let loose their piteous cries over national networks and win — or try to win — a year's supply of mouth wash.

The trouble is that they don't all get on the air and then New York State's Welfare Department has to send them home.

The Welfare Department is professionally in the business of getting people out of difficulties and, McCarthy points out, a year's supply of mouth wash or even a Gilt Edge yacht are hardly the right solutions to very real problems.

McCarthy also has some pretty strong words concerning children whose families expose them to the public gaze as the object of beggarly solicitation," a practice, he thinks, that could scar them for life."

How did we ever get into this mess, anyhow? Giveaway shows, alas, have been with us a long time, but the sob angle is relatively new.

Time was when just plain John Doe who had a wife and two children and a home in Brooklyn and a good job could get on a giveaway show, make with the answers to the silly questions and bring home the year's supply of bacon.

Now, to get anywhere near the stage, poor John has to be crippled with arthritis, the wife abed with pneumonia and the kids in rags. And he'd stand a better chance if the house in Brooklyn burned down.

-:-

IN ONE WEEK on Glamour Girl," the winners were the wife of a returning prisoner of war, a woman whose husband was threatening to hire a pretty secretary, a former invalid, a cleaning woman whose only contact with glamour were the orchids discarded by hotel guests, and a former alcoholic. This is entertainment?

If you can't get enough agony on 'Glamour Girl," you can always try "On Your Account," a fairly new afternoon show on five times a week 4:30 p.m. NBC-TV.

On this one Win Elliott, posing as 'your friendly banker," passes out cash to people with terrible troubles.

-:-

TYPICAL CASE: sixteen - year-old Emma Grossi of Patterson, N. J., a multiple sclerosis victim in a wheelchair. Without hesitation, she told Elliott that Lake Michigan touched Chicago, that William F. Cody was known as Buffalo Bill and that the term "love" is used in tennis and was rewarded, for this omniscience, with $180.

The eagerness of the emcee to give away the dough is sometimes pretty funny.

On ABC's 'Turn To A Friend," another real sob show, a lady was trying to earn a wheelchair for her father.

Dennis James asked her who wrote 'The Good Earth." Girl obviously didn't know so James pulled out a dollar bill and waved it frantically.

'Dollar," shouted the lady happily.

'Right'" declared James. "Pearl Buck."

One Month Makes 15 Years Difference In Prisoner's Life

DENVER (AP)—A month made a difference of 15 years in the life of Charles Montoya, state penitentiary inmate.

Montoya, sentenced to 25 - 35 years in prison for aggravated robbery on Aug. 6, 1945, won his appeal yesterday before District Judge Albert T. Frantz that he was short a month of celebrating his 21st birthday when sent to prison e. ht years ago.

Under Colorado law a person over 21 can be sentenced for two years to life for aggravated robbery, but a maximum penalty of 10 years is set for persons under 21.

Frantz reduced Montoya's sentence to 9 years 11 months to 10 years.

U.S. Prods Red China On Korean Conference

WASHINGTON (AP) — The United States sharply prodded Red China and North Korea today to say whether and when they will be prepared to enter a political conference on Korea.

A message dispatched through the Swedish government told the Reds an early reply from both "is imperative" if the conference recommended in the Korean armistice agreement is to take place in the time set in the armistice agreement.

Shoe Now on Other Foot, Traffic Man Finds

DETROIT (AP)—As a Traffic Court referee, Sylvester Maher once lectured and set the fees for traffic law violators.

He found the shoe on the other foot yesterday as he stood before Traffic Judge George T. Murphy, who recalled that Maher not only is a former referee (who acts for judges in minor cases) but is a brother of Circuit Judge Thomas F. Maher, who stepped up from the traffic bench.

"Fifty dollars," said Murphy, "for reckless driving."

LUKE 17:20-21 — He was once asked by the Pharisees when the Kingdom of God would come, and he answered, "The Kingdom of God is not coming visibly, and people will not say 'Look! here it is! or There it is!' for the Kingdom of God is within you."

* * *

The true meaning of the Greek word translated "within," first brought to light in 948 (see Waterman, The Religion of Jesus, pp. 77 ff.), gives the astonishing and revolutionary rendering: "The Kingdom of God is within your reach." Instead therefore of his being a herald of the speedy end of the world, he is now seen to be declaring that this world is the proper realm for the establishment of the Kingdom of God, here and now.

It is noteworthy that Jesus was speaking directly to his opponents, the Pharisees. If the Kingdom was within their reach, it was also in the reach of all men, and likewise a part of their responsibility then and ever since. Herein is a new mandate for Christianity, a veritable transfusion of new blood into its veins, that should transform not only Christianity but the world in which we live. I find it difficult to find a verse of Scripture that is more meaningful for today.

Court of Honor Held at Church

Awards Presented Members of Troop 4

A Boy Scout court of honor was held at Trinity Baptist Church recently with the members of Troop 4 in charge of the service. The pastor, Rev. J. B. Holloway, spoke on "The Sign of a Good Scout." C. G. Wheeldon, Harding Area Boy Scout executive, presented the charter for the year.

Don Schwaderer Jr. was presented the Life Scout award by Rev. Holloway. Other awards were given, and in an Indian tenderfoot ceremony, three boys were inducted into the troop. All boys receiving awards, presented their mothers with a miniature badge of their rank.

Invocation was by William Myers. Delmar Brewer acted as master of ceremonies.

Roy Powelson, committee chairman, introduced the troop committee members including Floyd Arthur, Bruce Snider, Paul Lovell, William Myers, Delmar Brewer, Kenneth Albert, Rev. Holloway, Lewis Ashworth, Owen Meddles, and Dr. Charles Wilson. Ray E. Russell and Dale Weston are assistant Scoutmasters.

Larry Barnhart played a trumpet solo. A resume of the troop's camping trip to Canada was given by Mr. Albert who showed pictures taken at the time.

The Scoutmaster, Don Schwaderer, presented the challenge and the aims of the troop for the coming year which will be highlighted by another long distance camping trip in the summer.

Receiving awards were Jeff Wise, Paul Keeran, Phil VanMeter, and William Schwaderer, first class, and David Augenstein, second class. Inducted as new members were Dick Jeandrevin, Gary Davis, and Michael Shuman. The ceremonies closed with the Scout vespter song, benediction by Rev. Holloway, and taps with echo by Don and William Schwaderer.

Race for Mayor Close Contest at North Pole

NORTH POLE, Alaska (AP)—Kids, maybe you think Santa Claus (only 77 more days to Christmas) is the only resident of North Pole. Well, he isn't. It's so darn crowded up here they've gone and elected a mayor and city council and it turned into the doggonedest mixup you ever saw.

Two fellers—Everett Dahl and James Ford—were running for mayor and when the votes were counted they both had 20. Had everybody in a kinda sweat wondering what to do and then they found out that two of the four council races had a tie vote, too. They were 31-31 and 28-28.

They straightened it out yesterday with the deadlocked candidates standing in front of the election judges who settled the problem by tossing a coin.

It's Mayor Dahl now.

North Pole is south of the North Pole, 14 miles south of Fairbanks, in fact.

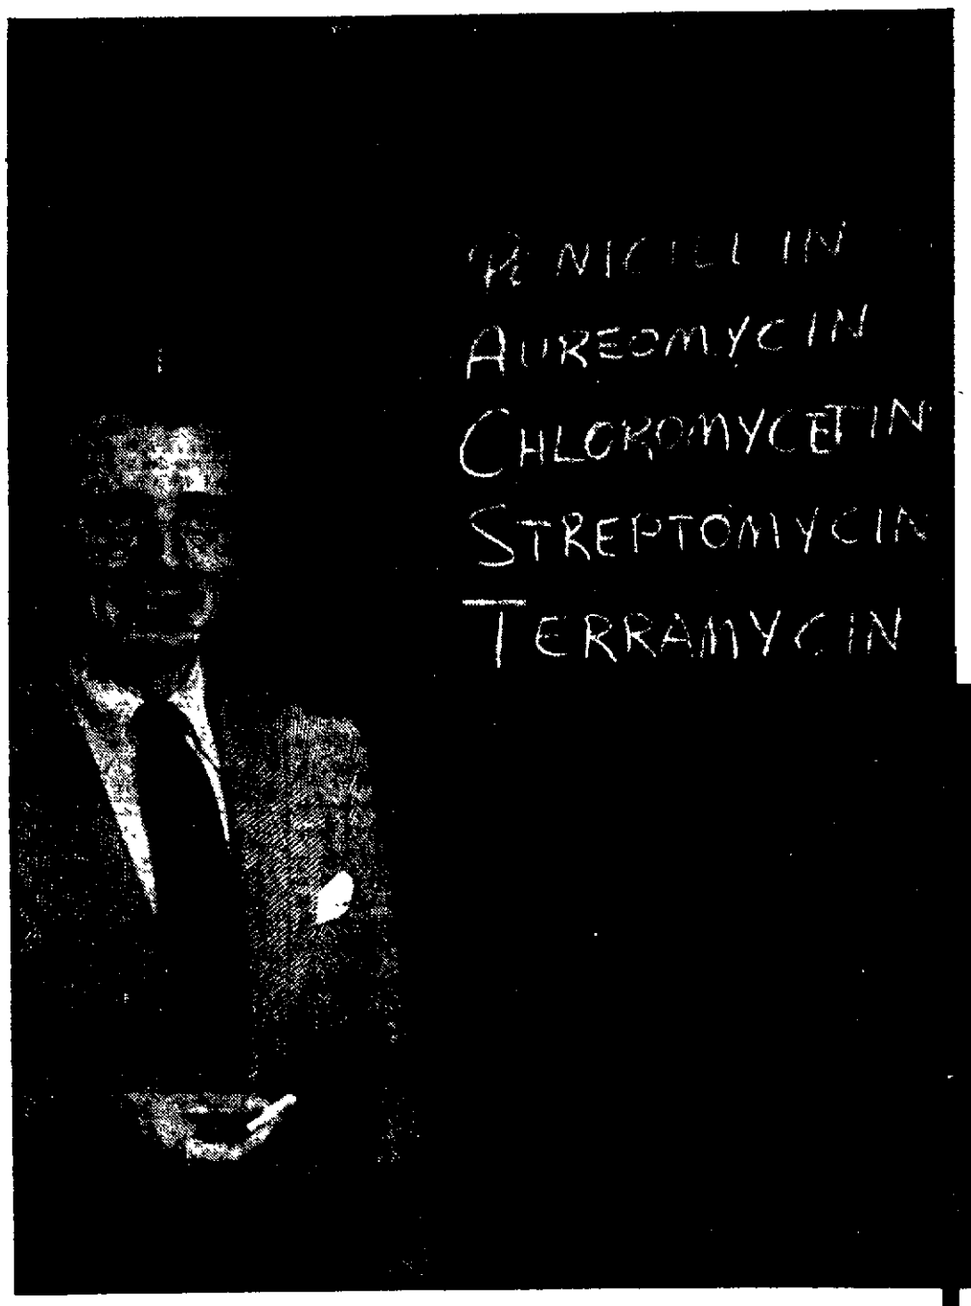
"Prescription for Living" returns to TV this Sunday —with "*Wonder Drugs*"

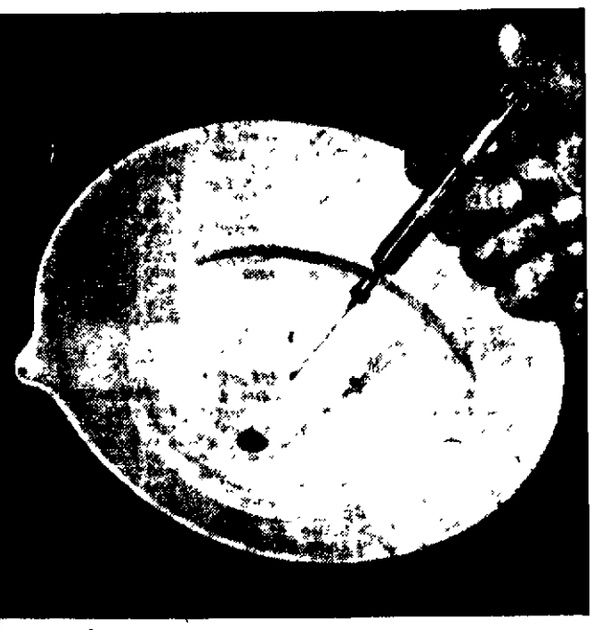


NEW TIME: 1:00 P.M.
WTVN Channel 6

Last year, an average of half a million Ohioans listened to Prescription for Living each Sunday afternoon over a special state-wide television network. Now, Sohio brings it to you again—in cooperation with The Cleveland Health Museum, The Cleveland Academy of Medicine, and leading doctors throughout Ohio.

In making possible Prescription for Living, Sohio hopes to help the people of Ohio guard their most important possession—health—through presenting sound medical information from recognized medical authorities.

This Sunday's subject—"Wonder Drugs"—is about the new antibiotics . . . what they can do, what they are, and the dangers in their mis-use.



WARREN GUTHRIE is Sohio's host on the program. Guest medical authority on each Sunday's Prescription for Living is one of the leading physicians of Ohio in his particular field of medicine.

CLIP AND SAVE THIS "PRESCRIPTION FOR LIVING" SCHEDULE. Here are the subjects that will be covered on Prescription for Living during the next three months. Clip and save this list so you'll be sure not to miss the subjects that are of particular interest to you.

Oct. 11 "Wonder Drugs"—the story of antibiotics.
Oct. 18 "The Stricken Heart"—the story of coronary disease.
Oct. 25 "No Skull, No Crossbones"—the story of accidental poisoning.
Nov. 1 "The Bitter Sweets"—the story of diabetes.
Nov. 8 "What Do You Hear?"—the story of hearing.
Nov. 15 "Suffer the Children . . ."—the story of children's diseases.
Nov. 22 "Eat and Be Merry"—the story of nutrition.
Nov. 29 "Why Worry?"—the story of modern living.
Dec. 6 "Will It Hurt?"—the story of pain and its control.
Dec. 13 "Danger—Growing Pains"—the story of rheumatic fever.
Dec. 20 "How to Stop Worrying"—the story of conquering worry.
Dec. 27 "What We Know About Alcohol"

HOW DO THEY PICK THE RIGHT WONDER DRUG FOR THE JOB? On Prescription for Living this Sunday, you'll see how doctors make a bacteria culture from the patient's blood, like shown above, then spot it with different antibiotics to find out which works best. And you'll learn many other interesting facts about wonder drugs on TV this Sunday at 1:00 o'clock.

In Memory

Of Sherman C. Swearingen who passed away one year ago today, October 9, 1952

Deep in our heart lies a picture
[illegible]
More precious than silver or gold,
It's a picture of our Daddy,
Whose memory shall never grow old.

What would we give to clasp his hand,
His kindly face to see;
To hear his voice and see his smile,
As in the days that used to be.

You are gone but not forgotten,
And as dawns another year,
In our lonely hours, we think of you
And you are always near.

Days of sadness still come o'er us,
Friends may think the wound is healed,
But they little know the sorrow
That lies within a heart concealed.

No one knows the silent heartache,
Only those who have lost can tell,
Of the grief that's borne in silence
For the one we loved so well.

Sadly missed by:

Lane To Stay At Chisox Post

CHICAGO (AP) — Baseball's super salesman, Frank Lane, is remaining in the Chicago White Sox fold after completing the season's best squeeze play.

The 57-year-old wizard of the trading marts says he has turned a deaf ear to offers from the Baltimore Orioles to become their general manager, unlimited.

Working both ends against the middle, like any good horse trader, Lane probably has emerged with a new White Sox contract calling for a salary or bonus boost and good for five years.

The White Sox general manager reportedly has been working under a $35,000-a-year contract with a bonus clause paying five cents for every paid admission over one million. On this basis he made as high as $51,411 in 1951 when the Sox drew a record 1,328,234 home attendance.

He has two years to go on his present pact with the Comiskey clan, a legal lever undoubtedly wielded effectively by club President Mrs. Grace Comisky, the only woman magnate in major league baseball.

Michigan Man, 34, Held in Tri-State White-Slave Ring

GRAND RAPIDS, Mich. (AP) — Federal authorities disclosed today the arrest of Garlvin Brunson, 34, of Muskegon, in an investigation of what they claim is a white-slave ring operating in Michigan, Minnesota and Ohio.

U. S. Dis Atty. Wendell Miles said a second man, Leroy M. King, 29, had been in custody at Cleveland, Ohio, since Oct. 1 in the investigation.

Miles said FBI agents arrested Brunson yesterday at a Muskegon foundry where he was employed and that he is held in default of $5,000 bail.

Both King and Brunson, said Miles, are charged specifically with transporting between Muskegon and Cleveland a 22-year-old woman, who is being held in Muskegon as a material witness. Miles declined to name the woman.

Harding Seeks Fourth Win in Buckeye League Tilt

Prexies at Top Strength For Battle With Fostoria

The Harding Presidents will be in tip-top shape for tonight's Buckeye League scrap against Fostoria, Coach Pete Howison said this morning, "we're in as good a shape as we could be."

Several Prexy gridders have returned to action after recent injuries and have been okayed for further duty. Fred Hazen has been slowed by a bad cold but will be ready for tonight's game Howison also reported Bob Hamor missed practice Thursday but is expected in uniform this evening Hamor has been a line standout all season for the Presidents.

The undefeated Presidents will be seeking their third win in Buckeye League action. They currently are in the top spot although Fremont and Findlay are each undefeated. Both the Trojans and Little Giants have single wins in league action. However, the condition will be remedied tonight when the two teams clash.

With his squad at full strength Howison is expected to open with his regular lineup. Gene Armstrong and Bob Stauffer will be at ends, Frank D'Eramo and Hamor at tackles, Abner Thomas and Whitey Clinger at the guards and Hank Rinnert or Bob Caldwell at center. Don Schweinfurth will call the plays with Chet King and Joe Albinack running out of the halfback posts and 'Chug' Ballinger at full. Defensively the team will have Fred Hazen, Bob Prater, Larry Harper, Rinnert, Clinger, Hamor and Jim Whaley on the line with Doug Bibler, Fred Price, Joe Snouffer and Thomas in the backfield spots.

Fostoria will carry a 1-2 record into the fray The Redmen are recuperating from a 40-6 pasting dished out by Fremont last week and have reported several gridders will not be at full strength for tonight's game.

Coach Dick Small's outfit was bumped by Toledo Clay 38-6 in its opener and then squeezed by Cuyahoga Falls, 7-6 before the Ross game. Prior to the opening of the season, Marion St. Mary whipped the Redmen 7-0 in an abbreviated contest as part of the Fostoria Preview

Hubert Landers, veteran letterman, is the big gun in the Fostoria attack He is a deadly passer and a dangerous runner and calls the signals for the Redmen's single-wing attack. Jim McClun, 146-pound junior, is another threat in the backfield while the line is bolstered by big Dave Fillhart, a 193-pound tackle.

SHORT SPORTS

By John Short

Upper Sandusky plays host to Shelby tonight in a Northern Ohio League game and backers of the Rams are going all out to back their favorites.

SHORT

A loss to Bellevue in a league game last week has failed to dampen the fans' spirits.

Two weeks before the start of the campaign, the game between last year's co-champions was tabbed as the one to decide the title. The loss to Bellevue all but killed Upper Sandusky's hopes for an undisputed crown but the game is expected to be a slam-bang affair as the Rams seek to remain in the race for a share of the crown.

The game will pit three of the NOL's top scorers. Upper Sandusky's halfback, Dave Kuenzli, 180-pound speed demon, has crossed the goal line five times and has added five extra points to lead the league with 35 markers.

Shelby boasts the Nos. 3 and 4 scorers in Bob Adkins, a halfback with 25, and Ken Foreman, its fullback, with 24.

THE WHIPPETS will be laying an undefeated record on the line. They have rolled past Ashland 26-6, Galion 33-13 and Willard 55-8. Upper Sandusky has wins over Mifflin, 73-0, and Willard, 39-12, before losing to Bellevue last week 20-14.

Many fans at Upper Sandusky feel that the Rams suffered a mental letdown in that Bellevue game. They figure the team was pointing to the big one—this week against Shelby—and was never able to get its attack rolling.

THIS WEEK WILL be different, they think. Kuenzli and the other co-captain Keith Quail, will lead the team to a win. A person can get a bet on that at any corner in Upper Sandusky.

School officials are looking for a more than capacity crowd for the game. The Rams' field may easily reach an attendance high for the battle Even some football fans from Marion are planning the drive to Upper Sandusky to watch the game.

Coach Leo Streng will go with his usual starting lineup. That will send Dave Naus and Bob Graham at ends, Joe Hehr and Dick Racheter at tackles, Carl Walton and Quail at the guards, Jerry Steiner at center, and Denny Gerber, Kuenzli, Dick Newell and Dave McClain or Ken McClain in the backfield. Graham is the only junior in the starting eleven.

Rosen, Snider End Season as Top Sluggers

NEW YORK (AP) — Brooklyn's Duke Snider and Al Rosen of the Indians got the most mileage out of their base hits during the 1953 season to capture the major league slugging crowns.

Final figures computed by The Associated Press reveal that Snider barely edged young Eddie Mathews of Milwaukee by a fraction of a point, .6271 to .6269, to top the National League in slugging. Rosen produced 367 total bases in 599 at bats and easily garnered slugging honors in the American League with a 613 mark.

Snider's booming bat accounted for 370 total bases in 590 trips to the plate. The 27-year-old outfielder collected 198 hits, including 38 doubles, 4 triples and 42 home runs. Mathews, the National League home run leader, amassed 363 total bases in 579 at bat. Among his 175 hits were 31 doubles 8 triples and 47 homers.

Slugging averages are determined by dividing the total bases on all hits by the number of times at bat

A year ago Stan Musial of the Cards paced the National League sluggers with .538, while Snider was sixth with 495 and Mathews 16th at .447. Musial finished fourth this season with .609, two points behind Brooklyn's Roy Campanella in third with 607. Carl Furillo, also of the Dodgers, was fifth at 576

Musial has led the league in slugging six times and he owns the highest lifetime slugging average of any 10-year man in National League history. The St. Louis stalwart boosted his average this season from .579 to .582.

Rosen's lusty swinging not only gave him the slugging championship, but he also led in both home runs with 43 and runs batted in with 145. The 28-year-old third baseman finished second in batting with .336 and his other hits including 27 doubles and five triples

In 1952 Rosen had a .524 slugging average and he wound up third. Teammate Larry Doby headed the slugging parade with .541, but he fell to seventh this season with 485

Gus Zernial of the A's was runnerup to Rosen with .559, followed by Yogi Berra of the Yanks, .523, Mickey Vernon of Washington, .518 and Ray Boone of Detroit, 517.

Ted Williams, who returned to the Red Sox in August after serving with the Marines, compiled an amazing slugging average of .901 in 37 games. He had 82 totals bases in 91 trips and his 37 hits included six doubles and 13 home runs.

Montreal Royals Take Little Series

KANSAS CITY (AP)—The Montreal Royals today held the Little World Series title for the first time since 1948

Blasting out 13 hits, the Royals last night turned back Kansas City of the American Association 7-2 to cop the series four games to one.

The win gave the Brooklyn Dodger organization a little consolation over the Brooks' World Series defeat by the New York Yankees. Montreal is the International League farm club of the Dodgers. Kansas City is a Yankee farm team.

$100,000 BONUS STAR. Frank Leja, 17, first baseman of Holyoke, Mass., High School, has signed with the New York Yankees for a bonus of $100,000. The school star, first "bonus baby" ever signed directly by the Yankees, had received bids from several teams.

Browns Meet Eagles in First Game at Home

CLEVELAND (AP) — Cleveland's Browns, looking tougher than ever, play their first home game tomorrow night—against the Philadelphia Eagles, who can be either very hot or very cold.

Coach Paul Brown's musclemen, catching the Eagles with two key defensive backs on the sick bench, dismantled the Philadelphia pass defense for a 49-7 victory the first time the clubs met last year

The second time around, however, Philadelphia was hale and hearty and dumped the Browns, 28-20. The 50-point swing between the two performances caught the Clevelanders somewhat by surprise.

Possibly no team except Philadelphia has suffered so many indignities at the hands and shoulders of the brawny Browns. Until Cleveland joined the National League in 1950, the Eagles were champs. But in the first game of that season the Browns thumped the Eagles, 35-10.

So far this year the Eagles have lost to San Francisco, 31-21, and tied Washington, 21-21.

Apparently hiding their running attack in the first two games, the Browns have depended mainly on the precise passing of Otto Graham and a rugged defensive platoon which is spliced together with rookies.

Morral Baseballers Pound Out 11-5 Victory

Morral High School downed Wharton 11-5 behind the five-hit pitching of Junior Bell Thursday on the winners' field. Bell struck out six and walked six. Morral banged out 12 hits off Dale Justice of Wharton, who walked four while striking out three. Charles Rice was behind the plate for Morral and Wilbur England was the Wharton backstop.

Pacing the Morral hitting attack was Clyde Neal with a triple and single, John Craycraft with a double and single, Jim Shifflet with a double and single, and Manfried Saxton with a pair of singles Held to five singles, W. Pickett had two of them for Wharton.

New Bloomington is at Morral Tuesday in a Marion County League game.

Harding Cross Country Runners Bow to Tygers

Harding High School's cross country track team saw its young win streak stopped at two yesterday at Mansfield where the Tyger runners raced to a 25-30 win.

Fred James, Mansfield's state champion miler in 1952, came in first with a sparkling time of 10 13. The winners showed Harding why they have been tabbed as the team to beat for the state title. The Tygers sent three men across the finish line in times under 11 minutes. Four more runners have lowered their times to just slightly above that mark with a month to go before the state championship meet.

Even in losing, Coach Ken Somerlot said his team showed better than they have thus far this season. Hugh Kinnamon came in second with a 10 34. He turned in that mark despite a fall into a creek near the middle of the course

Gene Monroe finished fourth in 10.55 and probably would have been higher but for an attack of cramps which he suffered on the second mile Ben Dozier lowered his time to 11:09.5 for a seventh-place standing. Dick Bolinger, who is having trouble rounding into shape, came in eighth with an 11 15 Allen Green knocked 15 seconds off his previous best time to round out the Harding scoring He took ninth place in 11 16.

Somerlot pointed out that as a squad the local team showed continued improvement as 15 boys completed the run in times under 12 minutes. He said the loss was the result of a "good Mansfield team on its home course having a good day."

"With a month to go the boys will need to work just that much harder," the Prexy coach said He said the top five runners needed to improve so that their times will be closer together. He added there is need for two more boys up close to fill out the top seven.

Next Tuesday, Fremont Ross will visit Harding and the Marion team will travel to Columbus South on Thursday On Saturday, Oct 17, Harding will run in the Bowling Green Relays.

Summary of yesterday's meet follows:

James (M) 10 13; Kinnamon (H) 10:34, Keineth (M) 10:43.5; Monroe (H) 10.55; Smith (M) 10:56; York (M) 11:05. Moore, Troy Meet In TV Boxing Bout

NEW YORK (AP)—Terry "Available" Moore, the boxing fill-in, hopes to make good in a substitute role again tonight when he faces walloping Willie Troy in a telecast 10-rounder at St. Nicholas Arena.

They're calling the stocky Baltimore middleweight "Available" because he's always ready to sub at a moment's notice. Just back from a successful European tour, he was given plenty of notice—for Moore—when he was asked Tuesday to replace ailing Randy Sandy against the hard-hitting Troy

The 10 p. m. EST, bout will be broadcast (ABC) and telecast (NBC) coast to coast.

MIX-UP MAN

Bobby Layne will often mix up the opposition by running for yardage on optional passing plays. Bobby holds every Detroit Lion passing record in the book. And his total offense mark for '52 shows 2,410 yards gained! Bobby likes to get the jump on winter, too.

Bucks Installed Two-TD Favorites To Whip Illini

By FRITZ HOWELL

COLUMBUS, Ohio (AP)—In all the furor over Ohio State winning its first two football games, and the mounting interest in tomorrow's clash with Illinois, one interesting item concerning the Bucks has been overlooked.

When 75,958 fans crowded the big horseshoe along the Olentangy River for the Indiana game two weeks ago, they boosted the average at-home throng to over the 50,000 mark for the first time since the stadium was built in 1922.

For the 167 games in the stadium through last season, a total of 8,336,646 had paid their way inside the portals for an average of 49,883.

But the Indiana crowd boosted the total to 8,412,604, an average of 50, 075 for 168 games.

For 95 games on foreign grids, the Bucks have drawn 4,093,088, give or take a few as the result of last week's estimated crowd at California, for an average of 43,088.

With 80,000 or more due to see tomorrow's contest, the Buckeye crowd average is due for another jump.

Ohio has been installed as a two-touchdown favorite over the Illini, but if the early-season opposition for the two teams has been comparable, the point-spread seems a bit awry.

The Ohio and Illinois teams are even in first downs with 37. Illinois has outrushed the Bucks 552 yards to 447, but the Bucks have outpassed the Illini, 250 to 166, which leaves Coach Ray Eliot's invaders with a 718 to 697 edge in the two departments.

On defense the Illini have allowed 338 yards rushing and 308 passing, and the Bucks 233 on the ground and 346 through the air—a 579 to 645 edge for the proteges of Woody Hayes.

Each has a breakaway runner of top caliber. The Bucks will feature Bobby Watkins at right half, last week's outstanding balltoter in the nation. Watkins has scored six touchdowns in two games and has rushed 186 yards in 28 tries.

The Illini great is J. C. Caroline, who has scored but once, but who has rambled 271 in 35 attempts. Caroline is averaging 7.7 yards per try, Watkins 6.6.

Illinois tied Nebraska and defeated Stanford in the first two tilts while Ohio was defeating Indiana and California. The Bucks have scored 69 points and allowed 31, while Illinois has counted 54 and allowed 42.

The Illini were to work out on their own field today, and then fly to Columbus this evening.

Pacers Split Main Event at Lebanon

LEBANON, Ohio (AP)—Hedge Jester split heats with Raymond Pile in the feature $1,000 Class 20 pace at the Lebanon Raceway's harness race program here last night but grabbed off the big share of the money by finishing second and first while Raymond Pile had a first and a third.

The winner in the big race had to share honors, however, with a couple of long shots who combined to provide a $798.80 daily double.

Four persons collected the big price as Sally D. H. came home first in the 23 trot first race and paid $17.60, $7.60 and $6.60 and Black Win took the second race and paid $76, $17 and $10.

Ohio's College Gridders Face Busy Weekend

COLUMBUS, Ohio (AP)—Headlined by the Illinois-Ohio State classic tomorrow afternoon—a game destined to attract some 80,000 fans—the Buckeye colleges offer a far-flung and interesting 24-game program this weekend.

Four games are on tonight's schedule, sending Capital to Marietta for an Ohio Conference contest Waynesburg against Youngstown, Baldwin-Wallace to Kent State, and Xavier to Louisville. Youngstown and Capital won their first two games.

Tomorrow's slate features two games in the Mid-American Conference, one in the Mid-Ohio loop and three in the Ohio Conference.

Western Reserve and Ohio U. tangle at Athens, and Miami's rugged Redskins visit Western Michigan at Kalamazoo for the Mid-American events. Unbeaten Defiance goes to Ashland for the Mid-Ohio fray, while in the Ohio Conference Wittenberg visits Heidelberg, Otterbein plays at Kenyon, and Wooster goes to Denison.

In the independent field the games are: Mount Union at Findlay, Toledo at Cincinnati, Georgetown at Wilmington, and Akron at West Virginia Tech, all under the floodlights; and Northern Michigan at Ohio Northern. Oberlin at Depauw, Hiram at Groce City, Ohio Wesleyan at Case, Muskingum at Slippery Rock, Bradley Tech at Bowling Green, West Virginia State at Central State, and Bluffton at Olivet, all in the afternoon.

Dayton goes to Cleveland Sunday for a clash with John Carroll, and the word is out that the Gem City team is about to end its two-game losing streak. John Carroll has won two of its three starts.

Lewis Wins Main Bout From Schultz

Jim Lewis took the first two falls to beat Dutch Schultz in the main event on last night's wrestling card at the Armory.

Lewis won the first fall in 21 minutes with a rolling leg split. Referee Jack Smithers awarded him the second fall and the match in eight minutes when he disqualified Schultz for using a knee drop on Lewis' throat.

Paul Orth took two out of three falls and won his match over Scottie Williams. Orth won the first fall in 14 minutes with body slams, but Williams needed only 50 seconds to take the second fall with a flying head hold. Orth used a body press to pin. Williams for the third fall and match in seven minutes.

Barney Degan won the opener in 11 minutes, pinning Mr. Satan with a full nelson.

Chicago Cubs Release 2 Coaches, Shift Another

CHICAGO (AP)—The Chicago Cubs, after giving Manager Phil Cavarretta a new one-year contract, have now shaken up their coaching staff.

The Cubs yesterday released two coaches, Charley Root and Spud Davis, and shifted another, Roy Johnson, to the scouting staff. They retained Ray Blades, former St. Louis Cardinal outfield star and manager in 1939 and 1940.

Meanwhile, the White Sox signed right handed pitcher Don Johnson, once New York Yankee chattel, from Toronto of the International League.

Hockey Makes Marion Debut Saturday Night

Hockey fans in and around Marion will have an opportunity to see the champion Cleveland Barons of the American League in action Sunday at 3 p.m. when the 1952-53 AHL title holders meet the Marion Barons at the Coliseum.

When it comes to winning titles Cleveland is the most successful club in hockey. In the last four seasons the Barons have finished first three times and won the Calder Cup Trophy twice.

Cleveland will have its all-star cast on ice which includes forwards Eddie Olson and Ray Geresino, center Jackie Gordon and defenseman Eddy Reigle.

Olson was the American League's most valuable player last season and scored 32 goals and 54 assists to become the first American-born player to take the point making crown in that loop. He is a handy-andy who filled in at every position but goal when the Cleveland club suffered an injury jinx last season. "It doesn't make much difference to me where I play, just so I am playing," the hard-hitting native of Hancock, Michigan said.

Gordon finished third in the scoring race last year with 20 goals and 58 assists. The 58 assists made him one of the best play makers in the AHL.

Ceresino, a dark haired Italian boy, who is judged by many as the fastest skater in the league blossomed into stardom last season when he bagged 23 goals and 25 assists.

All-Star defenseman Reigle is one of the top goal scoring defensemen in the league. Not only does the Baron back liner excel offensively but he also is one of the better body checkers in the circuit.

The Coliseum will open its artificial ice rink to the public Saturday night at 8:30. There will be free ice skating and Central Ohio fans will meet the Marion club when the squad will demonstrate plays and rules of ice hockey.

11 HOMERS BLASTED

PUEBLO, Colo. (AP)—Major league batting stars hammered nine home runs last night in an exhibition baseball game won, 13-8, by Eddie Lopat's All-Stars. They whipped a team managed by Paul Richards.

SAN JOSE TEAM ELECTS

SAN JOSE, Calif. (AP)—The San Jose State football Spartans must have a mutual admiration society. They elected four captains for tomorrow night's game with Arizona State of Tempe.

Is he in business "to stay?"

When you buy a used car from a Ford Dealer, you're dealing with an established businessman who has a large investment and his good name at stake. We're here today, and *we'll be here tomorrow!*

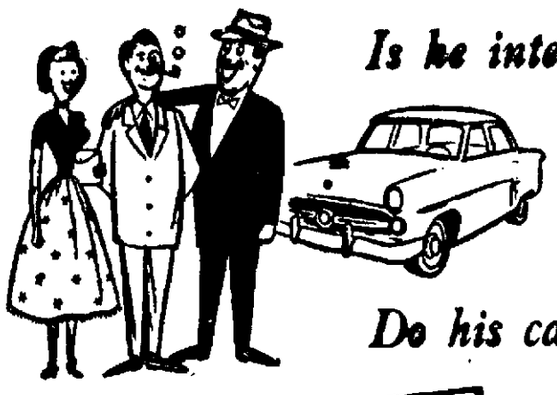
Does he really know cars?

Ford Dealers are in the service business, too; work with cars day in and day out. We know how to spot trouble fast. And, our expert mechanics have the equipment and "know-how" to handle *any* service job.

Check the used car, (and Truck) sure! But check the dealer, too!

Are his prices really fair?

Ford Dealers handle used cars and trucks as a service to customers who trade them for new ones. We get a lot of trade-ins. And we keep these used cars moving to free our working capital. That's one reason why we offer our used cars and trucks at rock-bottom prices.



Is he interested in you?

Remember—we Ford Dealers want to keep your good will because someday we hope to sell you a *new* car, or another used car, and we want your service business. It's just plain good business for us to play square with you.

Do his cars meet A-1 standards?

When you go to a Ford Dealer's and see the A-1 label on a car, you know it has met with the dealer's A-1 standards. And because you can trust the man you bought it from, you can trust the car.

IT'S WHERE YOU BUY IT THAT COUNTS!

Bread Production Cut Down by Diets

MILWAUKEE Wis (UP)—Dieting is hurting the bread market, a bakery official says

Fred H. Laufnburg, executive secretary of the Wisconsin Bakers Association, says that in five years the drop in bread consumption of persons counting calories has caused 162 flour mills with aggregate output of 3 000,000 pounds daily to quit grinding

Per capita flour consumption, he says, has fallen from 225 pounds a year, 50 years ago to 130 pounds now And store bread sales throughout the United States have slumped to 40,000,000 loaves a day. This is about five slices a person, compared with at least 10 in other days

Laufenburg attributes the decrease to the fact that men as well as women are heeding medical statements that a fifth of the population is overweight They are paying attention to the warnings of the insurance companies that death takes three times as many fat people as thin ones

Proper eaters, bakers and millers report, count the calories but do not avoid any one source The plump can buy special reducing breads.

I WAS ONLY TRYING—
YOU WERE TRYING TO SELL ME LIKE YOU WOULD A DETERGENT OR A MOP HANDLE" MY DEAR YOUNG LADY DOCTORS AREN'T SUPPOSED TO ACT THAT WAY—NOR ARE THEIR ASSISTANTS! DO YOU UNDERSTAND ME—REALLY UNDERSTAND ME?

RIP KIRBY By Alex Raymond

RIP KIRBY, TORN BY DOUBTS, WALKS THE STREETS OF NEW YORK BY NIGHT.
I STILL THINK SHERWOOD DENTON KILLED HIMSELF AND FRAMED ROYCE HUNTER AS THE MURDERER...BUT HOW DID DENTON GET RID OF THAT GUN?
AND WOULD A MAN DO AWAY WITH HIMSELF FOR THE SAKE OF A TWISTED REVENGE? THERE ARE TOO MANY QUESTIONS THAT I CAN'T ANSWER.
WE'RE SAILING DARK WATERS, TOO. IF WE DON'T REACH PORT, NOTHING WILL SAVE ROYCE HUNTER.

SUPERMAN By Wayne Boring

NO DOUBT OF IT. NOW THAT I EXAMINE THE GROUND CAREFULLY, I CAN DETECT STRANGE FOOTPRINTS LEADING UP TO WHERE THE KIDS' ROCKET SHIP WAS!
THIS JIMMY THE GEM CHARACTER MUST HAVE STOWED AWAY ON THE ROCKET SHIP.. JUST BEFORE ZIGI AND ZAGI STARTED BACK TO ALPHA CENTAURI!
I'VE GOT A LONG TRIP AHEAD OF ME! BUT LONG OR SHORT, I'VE GOT TO BRING THAT THIEF BACK TO JUSTICE!
